The 12th International Kawasaki Disease Symposium

June 19, 2018

Dear Colleagues,

We would like to extend my appreciation for your participation and great contribution to the 12th International Kawasaki Disease Symposium (12IKDS) which was held from June 12 to 15, 2018 in Yokohama.

We had more than 480 participants including the invited guests and authorized people attended the meeting. We are very pleased that there were numbers of excellent lectures presented and active discussions were delivered.
We also enjoyed excellent and comprehensive talks by outstanding speakers.
We hope you found this symposium to be academically informative and fruitful as well.

Again, please accept our sincere gratitude for coming all the way to attend the symposium and for your significant contribution.
It was a great honor to host such an exciting symposium.
We hope that there will be further opportunities to see you and work together again.

With our warmest wishes,

Masahiro Ishii, M.D.
