**Day 2: September 30 (Fri.), 2016**

**Room 1**
- Special Program Medical Specialist System and Training Session
- Invited Lecture: Treatment Strategy for Chronic Type B Aortic Dissection
- Luncheon Seminar: State of the Art Medical Technology in Thoracic Surgery
- Special Program Sharing Experiences of Disasters and Our Task Symposium Outcomes of Recuperative Cardiovascular Surgery

**Room 2**
- Oral Presentation Type A Dissection - Joint Symposium Robotic Surgery for Therapeutic Diseases: Current Status and Perspective
- Luncheon Seminar
- Oral Presentation Type A Dissection - 2
- Oral Presentation Arch - 1
- Oral Presentation Arch - 2
- Innovation & Improvement Session Lung Node Mapping for Primary Lung Cancer - Innovation and Improvement of Patient’s Stock

**Room 3**
- Oral Presentation Esophageal Malignancies Invited Lecture Symposium Treatment Strategy for Malignant Pleural Mesothelioma (MPM)
- Luncheon Seminar

**Room 4**
- Oral Presentation Esophageal Malignancies Invited Lecture Debate Should We Resect the Thoracic Duct in Radical Operation of Esophageal Cancer
- Oral Presentation Type A Dissection - Joint Symposium Robotic Surgery for Therapeutic Diseases: Current Status and Perspective
- Luncheon Seminar
- Invited Lecture Symposium Optimisation of Surgical Therapy in Multidisciplinary Treatment for Esophageal Cancer

**Room 5**
- Oral Presentation Tricuspid Valve Invited Lecture: Outcomes of Surgical Treatment for Tricuspid Regurgitation
- Luncheon Seminar
- Invited Lecture Clinical Video Valve Diseases Oral Presentation Mitral Valve

**Room 6**
- Oral Presentation Complication of Cardiac Infarct Symposium Long-Term Surgical Results of CABG for Patients with Low Cardiac Function Invited Lecture
- Luncheon Seminar
- Invited Lecture: Surgical Technique for Atrio-Ventricular Septal Defect - Two Patch Repair vs Modified One Patch Repair

**Room 7**
- Video Symposium Surgical Techniques for Congenital Heart Disease in the World Clinical Video Coronary Artery
- Luncheon Seminar
- Invited Lecture: Innovation & Improvement Session Congenital Cardiac Surgery Technique of Japanese Origin

**Room 8**
- Oral Presentation Diagnosis Oral Presentation Pneumothorax Workshop Treatment Strategy for Secondary Pneumothorax Luncheon Seminar Oral Presentation Perioperative Period 1 Oral Presentation Thoracoscope Clinical Video Thoracoscope / Mediastinum

**The 6th Japan Robotic Thoracic Surgery Conference**
