Day 1: September 17 (Sat.)

September 17 (Sat.) 9:30-11:30 Main Building 2F Main Hall

Plenary symposium 1 / The 10th Teikyo-Harvard Symposium
Creating a healthy future with competent professionals: what vision of society do we want for the future?

Chairs: Myongsaei Sohn (Yonsei University / APACPH President)
Eiji Yano (Teikyo University)

1-1-PL WHO Global Strategy on Human Resources for Health: Workforce 2030
Pascal Zurn (World Health Organization)

1-2-PL Creating a Healthy Future. Evidence from Social Epidemiology
Ichiro Kawachi (Harvard University)

1-3-PL The future of Japan’s health system
Kenji Shibuya (The University of Tokyo)

1-4-PL The power of education to create a better society through practical learning, global perspectives, and open mindedness.
Yoshihito Okinaga (Teikyo University)

September 17 (Sat.) 13:00-15:00 Main Building 2F Main Hall

Plenary symposium 2 / The 10th Teikyo-Harvard Symposium
Health professional education to bridge scientific evidence, health professional practice, and advocacy to change our society

Chairs: Wah Yun Low (University of Malaya)
Yoshinori Nakata (Teikyo University)

2-1-PL Your daily clinical question might change a society: Using medical evidence to create guidelines, improve practice in clinical settings, and provide social advocacy
Andrew Farmery (Oxford University)

2-2-PL Reform of pharmaceutical education in Japan
Keizo Inoue (Teikyo University)

2-3-PL Public health education needs reform: More evidence and more advocacy
Bruce Richard Maycock (Curtin University)

2-4-PL Inter-disciplinary collaboration and scientific evidence in health as social advocacy
Hideki Hashimoto (The University of Tokyo)

September 17 (Sat.) 13:30-15:30 University Building 2F Room208

Symposium 1
Public health law and ethics: Legislating social health insurance for Universal Health Coverage (UHC)

Chairs: Hee Tae Suk (Yonsei University)
So Yoon Kim (Yonsei University)

1-1-S Country Case Studies on Social Health Insurance Legislative Reform: Vietnam
Nguyen Gia Hau (Ministry of Health, Vietnam)
Symposium 2
Non-communicable diseases: Obesity prevention

Chair: Colin Bell (Deakin University)

2-1-S Adapting systems approach to obesity prevention for communities in Asia
Colin Bell (Deakin University)

2-2-S Obesity related policy implementation and effectiveness in Malaysia
Maznah Dahlui (University of Malaya)

2-3-S Review of policy to reduce marketing pressure on children in Sri-Lanka
Surenthirakumaran Rajendra (University of Jaffna)

2-4-S Adopting systems approach to support food-related policy-making in Fiji
Gade Dakuiviti Waqa (Fiji National University)

2-5-S Teaching Obesity Prevention to School and University Staff in Vietnam
Thi Hai Quynh Pham (Deakin University)

2-6-S Examples of effective obesity prevention and evaluation in Japan
Nobuo Nishi (National Institute of Health and Nutrition, National Insitutes of Biomedical Innovation, Health and Nutrition)

Symposium 3
Social Determinants of Health

Chairs: Ichiro Kawachi (Harvard University)
Yoshiharu Fukuda (Teikyo University)

3-1-S Evidence on social determinants of health: Japan’s successes and challenges
Naoki Kondo (The University of Tokyo)

3-2-S Social determinants of health from a nutritional perspective
Fumi Hayashi (Kagawa Nutrition University)

3-3-S Child poverty and child and family health in Japan
Aya K Abe (Tokyo Metropolitan University)

3-4-S New challenges of SDH research in Korea
Youngtae Cho (Seoul National University)
Symposium 4
Potential and challenges associated with the school health approach to achieving the SDGs - How to maximize the potential of both the school and children in terms of school health -

Chairs: Jun Kobayashi (University of Ryukyus)
Eun Woo Nam (Yonsei University)

Commentators:
Masamine Jimba (The University of Tokyo & JC-GSHR)
Tetsuya Mizoue (National center for Global Health & JC-GSHR)

4-1- S  Importance of inter and intra sectoral cooperation to maximize of potential of school health approach for achieving SDGs
Sachi Tomokawa (Shinshu University)

4-2- S  Health Promoting University: Yonsei University Wonju case
Eun Woo Nam (Yonsei University)

4-3- S  Ecohealth education and school health
Takashi Asakura (Tokyo Gakugei University)

4-4- S  Current Problems and Challenges in Promoting Adolescent Reproductive Health for Illicit Drug Abuse Among Youth
Andrio A Wibowo (University of Indonesia)

4-5- S  Universal and Local Perspectives in ESD and its Networks
Hideki MARUYAMA (Sophia University)

Oral Session 1 : Occupational Health
Chairs: Victor Hoe (University of Malaya)
Kunio Hara (Teikyo University)

YIA 1-1- O  Factors Associated with Turnover Intention among Professional Women in Science and Technology: A Study of Work-Family Role Conflict.
Anthonia Ginika Uzoigwe (University of Malaya)

1-2- O  Occupational risk factors for low back pain among Indonesian coal mining workers
Baiduri Widanarko (University of Indonesia)

1-3- O  Intention to leave among Thai male nurses
Surentorn Kalampakorn (Mahidol University)

1-4- O  Impact of Workplace Exposures on Physical Quality of Life in South East Asia
Marzuki Isahak (University of Malaya)

Oral Session 2 : Migration and Health
Chairs: Hideki Yamamoto (Teikyo University)
Yan-Hong Gu (Teikyo University)

2-1- O  Effect of Foreign-Born Status on Preterm Birth in Korea 2010~2012
Seemoon Choi (Institute of Health and Environment, Seoul National University)
2-2-O  SOCIO-DEMOGRAPHIC FACTORS ASSOCIATED WITH DRINKING WATER SOURCES AND OCCURRENCE OF REPORTED DIARRHEA AMONG RESIDENTS IN BORDER COMMUNITIES OF THAILAND
Nitaya Vajanapoom (School of Global Studies, Thammasat University)

2-3-O  Reproductive tract infections and the related health-seeking behaviors in the female migrants in the Shenzhen City
Juan Yang (School of Public Health, Wuhan University)

2-4-O  Effects of Health Education on Settlement Intention among Migrants in China: Based on Push-and-Pull Theory
Zhaoming Zhu (College of Public Health, Wuhan University)

2-5-O  Age at Marriage and the First Birth Interval among Rural-to-urban Migrants in China
Tiantian He (The school of public health, Wuhan University)

September 17 (Sat.) 16:00-17:15 University Building 2F Room203

Oral Session 3 : Nutrition & Food Safety
Chairs: Hung-Yi Chiou (Taipei Medical University)	Yasuo Kagawa (Kagawa Nutrition University)

3-1-O  Developments and applications of a Taiwan diet exposure evaluation model in the demonstration of organophosphate pesticides residues in food matrices
Ching-Lun Tsai (China Medical University)

3-2-O  Breaking the Inter-generational Cycle of Malnutrition by Micronutrients Intervention Prior to Pregnancy
Sri Sumarmi (Universitas Airlangga)

YIA
3-3-O  Food-based Recommendation Developed by Linear Programming Approach to Combat Anemia among Adolescent Schoolgirls in Malang, Indonesia
Sreymom Oy (University of Indonesia)

3-4-O  Evaluation of the Nutrition Improvement Project in Poor Areas of Hubei Province
Shou Jie He (Wuhan University)

3-5-O  Implementation of Covariate-based Constrained Randomization in Cluster Randomized Trial of Public Health Nutrition Study
Iwan Ariawan (Department Biostatistics, School of Public Health, Universitas Indonesia / Center for Health Research, Universitas Indonesia)

Poster Viewing

September 17 (Sat.) 11:30-12:30 University Building B1F/1F lobby

Poster Session : School Health : Child and Adolescent health

1-001-P  Collaboration in Special Support Education Schools?A Concept Analysis
Yuka Hasegawa (Kansai University of Nursing and Health Sciences)

1-002-P  The disparity of nutritional status among school-aged children in two sub-districts in Bandar Lampung, Indonesia
Nurma Suri (Gunma University / Universitas Padjadjaran)

1-003-P  The Association of Childhood Emotional, Physical, and Sexual Abuse with Mental Health and Health Risk Behaviors among Malaysian University Students
Anthonia Ginika Uzoigwe (Department of Science and Technology studies, faculty of Science, University of Malaya.)
1-004-P Evaluating the effectiveness of a school-based intervention using the fitness dice: A clustered randomized controlled trial
Amy Ha (The Chinese University of Hong Kong)

1-005-P Unsafe behavior and Violence among Secondary school student in the Northeastern Thailand
Simalak Dithisawatwet (The Office of Disease Prevention and Control Region 8 Udon Thani)

1-006-P The Strategic development for smoking prevention on youth
Pitoon Vutiso (Chayapoom Rajabhat University)

1-007-P School characteristics as correlates of childhood obesity prevention
Angela Chang (Assistant Professor, Department of Communication, University of Macau, Macau, China, SAR / External Researcher, Institute of Communication and Health, Lugano University, Switzerland)

1-008-P Student Burnout in Collegiate Cycle-A Sri Lankan Experience
Nuwan D. Wickramasinghe (Department of Community Medicine, Faculty of Medicine and Allied Sciences, Rajarata University of Sri Lanka, Anuradhapura, Sri Lanka)

1-009-P Factors influencing pathological internet use among students in a public university in Malaysia
Wen Ting Tong (Department of Primary Care Medicine, Faculty of Medicine, University of Malaya, Kuala Lumpur, Malaysia)

1-010-P The depression and its influencing factors among Kazak college preppy Students from Xinjiang
Amina Humaer (School public health, Wuhan University)

1-011-P Impact of Mass Media on Behavioral Patterns of Senior Secondary School Adolescents of Pokhara, Nepal.
Hoshiar Singh Chohan (Akal School of Public Health & Hospital Administration, Eternal University, Baru Sahib, HP)

1-012-P Knowledge of Human Papillomavirus (HPV) Vaccination and Cervical Cancer among Secondary School Students in Rural Areas of Negeri Sembilan, Malaysia
Nuruliza Roslan (University Sains Islam Malaysia)

1-013-P Collective efficacy in school and neighborhood and health among youth: Regional differences across three prefectures in Japan
Minoru Takakura (Faculty of Medicine, University of the Ryukyus)

1-014-P Prevailing Thinness and Emerging Obesity among Preadolescents in rural Sri Lanka; Need of different strategies to fight double burden of malnutrition
Chamidri Randika Naotunna (Department of Community Medicine, Faculty of Medicine, Rajarata University)

1-015-P Smoking, Substance and Gambling among Secondary school student in the Northeastern Thailand
Suchada Paileeklee (Faculty of Medicine, Khon Kaen University)

1-016-P Non-cognitive skills and health problems for junior high school students in Japan
Hiromi Suzuki (Department of Public Health, Kagawa University)

1-017-P Does school lunch program mitigate the socioeconomic disparity in fruit and vegetable intake among Japanese school children?
Mai Yamaguchi (School of Public Health, Graduate School of Medicine, University of Tokyo)

1-018-P Work Engagement among Students in Collegiate Cycle in the Mawanella Educational Zone, Sri Lanka
Nuwan D. Wickramasinghe (Department of Community Medicine, Faculty of Medicine and Allied Sciences, Rajarata University of Sri Lanka, Anuradhapura, Sri Lanka)

1-019-P Descriptive Study: Iron Deficiency Anemia among School Children in Pakulonan 01 (Primary School), South Tangerang, Indonesia
Ayunita Khairunnisa Mahdy (Department of Epidemiology, Universitas Indonesia)

1-020-P Awareness of Basic Life Support (BLS) among Female Secondary School Students in Governmental Schools in Riyadh city, KSA: Cross-sectional Study
Nouf G Al Harbi (Department of Family and Community Medicine .MSD . Riyadh)

1-021-P Relationship between contact occurrence rate, and the indices of stabilometer and general reaction time among the elementary school children
Kunihiako Miyamoto (Osaka Aoyama University)
1-022-P The association between dietary intakes and exercise habits by gender among junior high school students: a cross-sectional survey in Kumamoto, Japan
Junko Watanabe (Department of Nutrition Management, Minami Kyusyu University)

1-023-P Association between lunch eating pattern and underweight & anemia in school children and adolescent of Myanmar monastery school
Mikiko Araki (Environment of Ministry / Graduate School of Public Health, Teikyo University)

1-024-P Out of School Adolescents’ Knowledge and Practices on Sexuality in an Urban Poor Community
Queenie Roxas Ridulme (UP Open University)

1-025-P The relationship between high school students’ self-assessed health, lifestyle elements, and daily experience of subjective symptoms
Keiko Kasagi (Department of Community Health, Prefectural University of Hiroshima)

1-026-P Basic psychological needs satisfaction is related to psychological well-being, autonomous motivation, and intentions to physical activity
Johan Ng (The Chinese University of Hong Kong)

1-027-P Community Volunteerism: Shaping A Model for Public Health Delivery in Schools
Mark Conrad Rivero Ravanzo (I am Making A Difference)

1-028-P Alcohol consumption patterns and intergenerational associations with corporal punishment and physical child abuse in Hong Kong
Jean Hee Kim (The School of Public Health & Primary Care, The Chinese University of Hong Kong)

1-029-P Relationship between contact occurrence rate, and the indices of stabilometer and general reaction time among the university students
Ikuharu Morioka (School of Health and Nursing Science, Wakayama Medical University)

1-030-P Art based programme for life skill promotion by primary health providers in a rural school in Sri Lanka ? A preliminary study
Gayani S Amarasinghe (Department of Community Medicine, Rajarata University)

1-031-P Elementary school students as larvae monitors for dengue haemorrhagic fever (DHF)
Dewi Susanna (Universitas Indonesia / Health Polytechnic of Banda Aceh)

Poster Session : Aging

1-032-P Rehabilitation needs among sub urban elderly population in Sri Lanka 2015.
Samitha Sulochana Jayalath (International Institute of Health Sciences)

1-033-P Development of a Self-care Program to Reduce Salt Intake among Older Persons with High Blood Pressure: A Randomized Controlled Trial
Andi Masyitha Irwan (School of Nursing, Hasanuddin University, Indonesia / Graduate School of Medical Sciences, Kanazawa University, Japan)

1-034-P Falls among the elderly in Thailand.
Sipapa Pummarak (Chulalongkorn University)

1-035-P Length of time that the care level of long-term care insurance users is maintained until worsening
Mariko Niikura (Department of Nursing, Graduate School of Medicine and Pharmaceutical Sciences for Research, University of Toyama)

1-036-P Length of time that elderly persons requiring care using the long-term care insurance system continue living at home
Yuta Miyahara (Course of Nursing, Graduate School of Medicine and Pharmaceutical Sciences for Education, University of Toyama)

1-037-P Independent mobility related issues of homebound elderly individuals in a rural community
Satomi Takama (Department of Nursing, University of Tottori)

1-038-P Physiatrists board certification and clinical outcomes in elderly patients after hip fracture: a retrospective cohort study.
Ryo Momosaki (Department of Rehabilitation Medicine, Teikyo University Mizonokuchi Hospital / Department of Rehabilitation Medicine, The Jikei University School of Medicine)
1-039-P  Relationship between changes in time spent walking after middle age and incident dementia
Yasutake Tomata (Division of Epidemiology, Department of Health Informatics and Public Health, Tohoku University School of Public Health, Graduate School of Medicine, Sendai, Japan)

1-040-P Prevalence of radiologically confirmed Knee Osteoarthritis among an adult population in a suburban setting in Sri Lanka
Akalanka P. Hettihewa (Faculty of Medicine, University of Colombo, Sri Lanka)

1-041-P Development of a sensing model of daily living among solitary elderly persons: Longitudinal study examining physiological and psychological transitions over the course of one year
Mayumi Kato (Graduate School of Health Sciences, Kanazawa University)

1-042-P Factors associated with the decline in competence of daily living among Japanese early-elderly: findings from the NISSIN prospective cohort study
Satoe Okabayashi (Kyoto University Health Service, Kyoto, Japan)

1-043-P Evaluation of health promotion support of the adult population with visual impairment using artificial vision to motivate
Akira Kimura (Graduate School of Health Sciences, Gunma PAZ College)

1-044-P Competing Risk Analysis of Outcomes after Hip Fracture Surgery in Nonagenarians
Wen-Min Liang (Department of Public Health, China Medical University)

1-045-P STAKEHOLDER ANALYSIS ON WELL BEING AMONG COMMUNITY DWELLING ELDERLY IN UDONTHANI PROVINCE, THAILAND
Sarinya Jingmark (Department of Health Science, Udon Thani Rajabhat University)

1-046-P Sources of information and experiences of the elderly in health promotion program funded by National Health Security Local Fund, Northeast, Thailand.
Piyathida Kuhirunyaratn (DEPARTMENT OF COMMUNITY MEDICINE, KHON KAEN UNIVERSITY, KHON KAEN, THAILAND)

1-047-P RESEARCH TRENDS IN QOL OF ELDERLY CANCER PATIENTS WITH DEMENTIA
Miwa Yamamoto (Department of Adult & Elderly Nursing, Tottori University)

1-048-P Association with the local communities and responsibilities of home nursing service -Proposal to long-term care supported by care service at home-
Yuki Naganuma (Teikyo University Faculty of Medical Technology Department of Nursing)

1-049-P Qualitative research on the content of advance care planning of Japanese elderly people requiring home care
Yoshihisa Hirakawa (Department of Public Health and Health Systems, Nagoya University Graduate School of Medicine)

1-050-P Integrating of cooperation among local government to serve as a community terminal stage patient
Chardsumon Prutipinyo (Faculty of Public Health)

1-051-P The changes of serum vitamin C and superoxide dismutase after intake of lutein-containing supplement
Rijo Hayashi (Department of Ophthalmology, Koshigaya Hospital, Dokkyo Medical University / Graduated School of Public Health, Teikyo University)

1-052-P Nutritional compositions and antioxidant activities of Riceberry rice and rheological properties of Riceberry puree diet for elderly with dysphagia
Paweerisa Choichuedee (Department of Nutrition, Faculty of Public Health, Mahidol University)

1-053-P Riceberry Rice Jelly Contains High Protein, and High Energy for Elderly with Dysphagia
Prodpran Tasiri (Department of Nutrition, Faculty of Public Health, Mahidol University, Bangkok, Thailand)

1-054-P Utilization of Elderly Neighborhood Health Center (Posyandu Lansia/Posbindu) Puskesmas Gunung Putri Kabupaten Bogor - Indonesia
Indira Chotimah (Fakultas Ilmu Kesehatan, Universitas Ibn Khaldun)

1-055-P POSYANDU LANSIA (ELDERLY INTEGRATED SERVICE POST): THE IMPACT OF SENIOR CITIZEN’S EMPOWERMENT TOWARDS DEPENDENCY RATIO
Zahrotul Kamilah (Public Health Faculty, Airlangga University)
1-056-P  Association of Gait Speed with Bone Mineral Density in a Rural Community
Sin-Ru He (Department of Family Medicine, Changhua Christian Hospital / Department of Nurse, Changhua Christian Hospital)

1-057-P  Effectiveness of end-of-life care bonus in Japanese nursing homes: an 11-year retrospective longitudinal study
Sho Nishiguchi (Department of Epidemiology and Public Health, Graduate school of Medicine, Yokohama City University)

Poster Session : Health Policy and Economics

1-058-P  Cost-effectiveness of new generation antidiabetic agents to prevent aggravation in patients with diabetic nephropathy
Shogo Shishikura (Department of Medical Affairs, MSD K. K. / Teikyo University Graduate School of Public Health)

1-059-P  Relationship between health promotion volunteer experience and medical costs in the elderly
Haruhiko Imamura (Department of Environmental and Occupational Health, School of Medicine, Toho University, Tokyo, Japan)

1-060-P  Future Regional Difference in Supply-Demand Balance of Emergency Care in the Region of the Great East Japan Earthquake
Michi Sakai (Department of Health Informatics, Kyoto University School of Public Health, Kyoto, Japan)

1-061-P  Effectiveness of the Plan for Family Doctor Integrated Delivery System: An Experience from Changhua City in Taiwan
I-Ching Lin (Family Medicine Department, Changhua Christian Hospital)

1-062-P  Non-Monetary Factors Influencing Retention of Midwives in Remote Indonesia: A Case Study
Endah Setyaningsih (Health Service Research Center, School of Government, Victoria University of Wellington)

1-063-P  The standardization of nursing services by the Mutual Recognition Agreement of ASEAN Member Countries
Kyoko Sudo (National College of Nursing, Japan)

1-064-P  Effect of successful elderly life on positive perception of National Pension plan
Jae-Won Kim (Korea University Graduate School of Public Health)

1-065-P  An implementation research to identify barriers for Zn supplementation programme in children under 5years with acute diarrhea; A preliminary report.
Jagath C Ranasinghe (Department of Paediatrics, Teaching Hospital Kandy)

1-066-P  The influence of urbanization to rehabilitation utilization in stroke patients - a population based study
Chengyi Lin (Department of education and research, Taipei City Hospital)

1-067-P  Anti-tumor Targeted Drugs Affordability Assessment
Mengyuan Tian (School of Public Health, Wuhan University)

1-068-P  The development of a National Licensing and Registration System for healthcare professionals in Lao P.D.R
Miwa Sonoda (National center for Global Health and Medicine / JICA Project for Sustainable Development of Human Resources for Health to improve MNCH Services)

1-069-P  Results of Rational Drug Use Evaluation Using the WHO Indicators at the Level of Primary Health Care of Kazakhstan for the period 2011-2015
Maksut Kulzhanov (Kazakhstan School of Public Health)

1-070-P  Critical Review on Obesity Prevention Policies in Malaysia
Maznah Dahlui (Dept. of Social and Preventive Medicine, University of Malaya)

1-072-P  Health status and task in recent times in China ? analysis based on government statistics
Motoharu Furuwaka (School of Medicine, Teikyo University)

1-073-P  Disease and Economic Burden of Breast Cancer Management
Aniza Ismail (National University of Malaysia)
Poster Session: Nutrition & Food Safety

1-076-P Exploration on nutritional status of the elderly in “Hospital-Based Accountable Family Physicians System Pilot Project”
Chen Hui Lee (Department of Dietetics and Nutrition, Taipei City Hospital, Heping Fuyou Branch, Taipei City, Taiwan (ROC))

1-077-P The Conditions of biological contamination, Energy and Nutritional Value per day of Mahasarakham Prisoners in Central Prison
Sirinapa Sasanan (Division of Student Affairs, Mahasarakham University, Thailand)

1-078-P Prevalence of hypertriglyceridemia and associated factors among hospital labour personnel
Thanyalak Thonrach (Reseach Group on Prevention and Control of Diabetes in the Noetheast of Thailand, Khon Kaen University / Faculty of Public Health, Khon Kaen University)

1-079-P Screen viewing time, exercise time and nutritional status of children aged 7 to 12 years
Preedie Srisamai (Research Group on Prevention and Control of Diabetes in Northeast of Thailand, Khon Kaen University / Faculty of Public Health, Khon Kaen University)

1-080-P Handler Hygienic Practices and Safety of Blenderized Whole Food Tube Feedings among Selected Tertiary and Specialty Hospitals in the Philippines
Ernani Ramos Bullecer (Department of Nutrition, College of Public Health, University of the Philippines Manila)

1-081-P DEVELOPMENT OF DIGITAL INFANT LENGTH MEASUREMENT BOARD: INNOVATION TO IMPROVE DATA ON STUNTING
Ahmad Syafiq (Department of Public Health Nutrition, Faculty of Public Health Universitas Indonesia)

1-082-P Study of the nutrition situation according to trimester of the pregnant woman and Body Mass Index in the Republic of Guatemala
Saki Horie (Teikyo University Graduate School of Public Health / National Institute of Health and Nutrition)

1-083-P EDUCATION AND EMPOWERMENT OF FOOD SELLER AND COMMUNITY ON HEALTHY FOOD SHOP IN SLUM AREA JAKARTA INDONESIA
Evi Martha Evi (University of Indonesia)

1-084-P Polymorphism in fatty acid desaturase (rs174547) caused marked change in EPA+DHA/AA without increase in cardiovascular risk factors
Chiharu Nishijima (Kagawa Nutrition University)

1-085-P Determinants of childhood food insecurity in children in the Santa Rosa sub-watershed area, Laguna Lake watershed, Philippines
Amiel Nazer Consigna Bermudez (Department of Epidemiology & Biostatistics, College of Public Health, University of the Philippines Manila / Health Futures Foundation, Inc.)

1-086-P Consideration for estimation methods of the nutrient intake in Thailand -Difference in food composition to exert the estimation of nutrient intake-
Minatsu Kobayashi (Department of Food Science, Otsuma Women’s University)

1-087-P Hygiene and Safety Inspection and Factory Consultation Results of Food Utensils, Containers and Packaging in New Taipei City in 2015
Yu Chian Xiao (Department of Health, New Taipei City Government)

1-088-P Integration of responsive feeding guidelines to Sri Lankan child health programme; A preliminary study.
Thilini Chanchala Agampodi (Department of Community Medicine, Faculty of Medicine and Allied Sciences, Rajarata University of Sri Lanka)

1-089-P Low serum biotin levels in Japanese children fed with hydrolysate formulas - Nutritional biotin deficiency in children in Japan
Yasuhiro Sato (Department of Pediatrics, Teikyo University School of Medicine)
1-090-P Low glycemic index biscuit from Sinlek brown rice
Promluck Somboonpanyakul (Department of Nutrition, Faculty of Public Health, Mahidol University)

1-091-P OPERA EMAS (OPTIMALISASI KEBUN RAKYAT) AS AN ALTERNATIVE SOURCE OF FOOD BASED COMMUNITY EMPOWERMENT AGAINST ASEAN ECONOMIC COMMUNITY (AEC)
Ni Luh Putu Arum (Students, Faculty of Public Health, Airlangga University)

1-092-P Overweight and obesity and associated factors among students aged 13-15 in Association of Southeast Asian Nations (ASEAN) member states, 2007-2014
Karl Peltzer (Human Sciences Research Council)

1-093-P Nutritional Status of UP Open University Employees: Basis for the Development of Nutrition Program
Myra Dela Pena Oruga (University of the Philippines Open University)

1-094-P Serum Levels of Trace Elements in Infants Fed with Special Formulas
Kahoko Motoyama (Teikyo University)

1-095-P Formalin Contamination in Tofu from Six Largest Tofu Industries in Padang City, West Sumatra, Indonesia, 2016.
Tiffany Sasmita (Department of Environmental Health, Public Health Faculty, Andalas University)

1-096-P Reduction of the Glycemic Index in Thai Cookie (Kanom Kleeb Lam Duan)
Vorathon Pomyen (Department of Nutrition, Faculty of Public Health, Mahidol University, Bangkok, Thailand)

1-097-P Nutritional compositions and antioxidant activities of by-product from Sacha inchi (Plukenetia volubilis L.) oil extraction process
Saipin Saengsuk (Department of Nutrition, Faculty of Public Health, Mahidol University)

1-098-P Encapsulation Bioactive Compounds in Java Plum Juice By Spray Drying
Nittaya Boonnumma (Department of Nutrition, Faculty of Public Health, Mahidol University)

1-099-P Nutritional and Health Benefits of Selected Indigenous Alternative Staples
Wilma Alvaran Hurtada (Institute of Human Nutrition and Food, College of Human Ecology, University of the Philippines Los Baños, College Laguna, Philippines / Philippine Association of Nutrition, Inc. (PAN) / Philippine Association of Nutritionist-Dietitian (PSND) / CODHEND Inc)

Poster Session : Tobacco Control

1-100-P The Association of Tobacco Control Policy with Trends in Smoking in 33 Provinces of Indonesia between 2007 and 2013
Wahyu Septiono (Department of Public Health, Academic Medical Center, University of Amsterdam)

1-101-P Exposure to Secondhand Smoke at workplace and home: Findings from the Global Adult Tobacco Survey (GATS) 2011 and “Mini GATS” 2015
Lim Kuang Kuay (Institute for Public Health, Ministry of Health, Malaysia)

1-102-P Misuse of e-cigarettes in Surabaya Indonesia: poor knowledge about e-cigarettes and easy access as increasing factors for using e-cigarettes
Santi Martini (Department of Epidemiology, Faculty of Public Health, University of Airlangga)

1-103-P Nurses’ self-efficacy and practices relating to smoking cessation services in the workplace: A path analysis
Kannikar Chatdokmaiprai (Department of Public Health Nursing, Faculty of Public Health, Mahidol University)

1-104-P Youth and tobacco in Malaysia: an alarming trends
Noor Ani Ahmad (INSTITUTE FOR PUBLIC HEALTH)

1-105-P Socioeconomic status and smoking in cars carrying children: the intermediary roles of social norms of smoking
Junko Saito (Department of Health and Social Behavior, School of Public Health, The University of Tokyo)

1-106-P The Health Utilization between Smoker and Non-smoker, As Well As Between the Family with Smoker and Without Smoker in Rural Part of Malaysia
Yiling See Toh (Department of Social and Preventive Medicine, Faculty of Medicine, University of Malaya)
1-107-P Harmful Pollution Released in Air by Cigarettes Smoking as evidence based for Creating 100% Smoke Free Area Regulation in Surabaya Indonesia
Santi Martini (Department of Epidemiology, Faculty of Public Health, University of Airlangga / Indonesian Public Health Association)

1-108-P The impact of tariff rates of cigarettes on global smoking prevalence trends
Tzuying Chen (Institute of Health Policy and Management, National Taiwan University)

1-109-P Trends of current tobacco smoking among Malaysian adults from 1996 to 2015: A cause to worry?
Guat Hiong Tee (Institute for Public Health, Ministry of Health Malaysia)

Poster Viewing

September 17 (Sat.) 15:00-16:00 University Building B1F/1F lobby

Poster Session : Universal Health Coverage

1-110-P Fulfillment of Treatments and Drug Use Patterns in Referral Programs of Pharmacies
Surya Dwi Sembada (Faculty of Medicine, Universitas Padjadjaran)

1-111-P INTERIOR DESIGN EFFECT ON MOTIVATION OF HEALTH PROVIDER IN PROVIDING HEALTH CARE
Honesty Pujiyani (Universitas Gadjah Mada)

1-112-P Fulfillment of Treatments and Drug Use Patterns in Referral Programs of Pharmacies
Surya Dwi Sembada (Faculty of Medicine, Universitas Padjadjaran)

1-113-P Comparing the practice of health and environment co-benefits behaviors at years of 2008 and 2016 among Hong Kong population
Susan Shuxin Wang (CCOUC for Disaster and Medical Humanitarian Response, The Jockey Club School of Public Health and Primary Care, The Chinese University of Hong Kong)

1-114-P Patient-reported outcomes in Japanese patients with primary biliary cholangitis
Minami Yagi (Department of Medicine, Teikyo University School of Medicine)

1-115-P The actual situation of persons with disabilities living in poverty in Japan: exploratory research from a questionnaire survey
Kai Seino (National Institute of Vocational Rehabilitation / Keio University / Toyo University)

1-116-P The Power of Social Media: Facebook as Complaint Channel of National Health Security System in Indonesia
Ernawaty Ernawaty (Department of Health policy and administration, faculty of Public Health, Airlangga University)

Poster Session : Environmental Health 1

1-117-P Study of the effects of pesticide exposure among the workers of tea estates
Suman Bahadur Singh (School of Public Health and Community Medicine, B. P. Koirala Institute of Health Sciences, Dharan, Nepal)

1-118-P The exploration of environmental health and safety issue of fish landing port: a study of Fish landing port of Paotere, Makassar City, Indonesia
Muhammad Nasir (Department of Public and Environmental Health Science, University of Birmingham)

1-119-P The effects of Asian dust for allergic symptoms may be partly attributed to PAH-quinone, secondarily formed on the dust surface
Kumiko Tsuji Kanatani (Department of Health Informatics, Kyoto University School of Public Health)

1-120-P Incidence and Factors Associated with Work Behavior and Self-Protection in Spraying Chemical-Based Pesticide of Chili Farmers
Warangkana Sungsitthisawad (Faculty of Public Health, Khon Kaen University, Thailand)
1-121-P Health and Climate Change Adaptation City Resilience Simulator Development in Bangkok Metropolitan Region, Thailand
Uma Langkulsen (School of Global Studies, Thammasat University)

1-122-P Effects of UVC-irradiation on two leanness-enhancing agents using embryonic and gravid maternal bioassay in daphnids
Ken K. S. Wang (School of Public Health, Chung Shan Medical University / Department of Family and Community Medicine, Chung Shan Medical University Hospital, Taichung, Taiwan)

1-123-P Food Safety for Market Fairs in the Upper North-eastern of Thailand
Jariya Intraratsamee (Regional Health Promotion Center 7 Khon kaen)

1-124-P Awareness and practice of safety measures on pesticide utilization among agricultural workers in two villages of Magway Division, Myanmar
Thant Zaw Lwin (College of Public Health Sciences, Chulalongkorn University, Thailand)

1-125-P The Association between Stress, Anxiety and Depression and Work-related Quality of Life among Managerial Level Employees of a Sri Lankan Bank
Akalanaka P. Hettihewa (Faculty of Medicine, University of Colombo, Sri Lanka)

1-126-P Comparison of the atmospheric polycyclic aromatic hydrocarbon concentrations in PM$_{2.5}$ at urban areas between Taiwan and Japan
Chieh Yang (Department of Public Health, China Medical University)

1-128-P Determination of the critical exposure route for swimmers exposed to a disinfection by-product, chloroform, during swimming
Hui-Tsung Hsu (Department of Health Risk Management, China Medical University)

1-129-P Estimating ground PM$_{2.5}$ concentration using satellite Aerosol Optical Depth: A systematic review
Yuanyuan Chu (Department of Epidemiology and Biostatistics, School of Public Health, Wuhan University / Global Health Institute, Wuhan University)

1-130-P A Review of Epidemiological Methods Used to Investigate the Health Impacts of Air Pollution in Thailand
Wanida Jinsart (Department of Environmental Science, Chulalongkorn University)

1-131-P Working Environment, ergonomic and other health problems of laundry workers in Thailand
Noppanun Nankongnab (Department of Occupational Health and Safety, Faculty of Public Health, Mahidol University)

1-132-P IMPACT OF PHYSICAL CONDITION, BASIC SANITATION AND RESIDENTS BEHAVIOR ON HEALTHY HOMES CONDITION, DEPOK CITY, INDONESIA, 2015
Meliana Sari Sugiana (Center for Industrial and Environmental Health Studies, Faculty of Public Health, Universitas Indonesia)

1-133-P Healthy Behavior Profile of Provincial Flat Residents in Cakung Subdistrict, Jakarta, Indonesia: A Community Diagnosis
Aprilia Dwi Iriani (Faculty of Medicine, University of Indonesia)

1-134-P Effects of indoor air quality on mental health in two workplaces
Ping-Yi Lin (Changhua Christian Hospital)

1-135-P Objective Diagnosis of Cold Constitution and Thrifty Single Nucleotide Polymorphisms
Yasuo Kagawa (Department of Medical Chemistry, Kagawa Nutrition University)

1-136-P Assessment of natural and synthetic female hormones using embryonic and gravid maternal bioassay in daphnids
Algui K. F. Chen (School of Public Health, Chung Shan Medical University)
1-137-P The developmental effects by children’s dietary intake of lead and arsenic in Japan and Pakistan -PbAs study-
Mayumi Ohtsu (Department of Environmental and Preventive Medicine School of Medicine Jichi Medical University / Himawari Industrial Physician & Occupational Health Consultant Office)

Poster Session : Occupational Health

1-138-P Development of the novel scale to measure recognition about collaborations with occupational physicians among the attending physicians
Shuhei Ichikawa (Mie University Graduate School of Medicine)

1-139-P Nurses’ willingness to care for patients infected with HIV or Hepatitis B / C in Vietnam
Tomohiro Ishimaru (Occupational Health Training Center, University of Occupational and Environmental Health, Japan)

1-140-P Social Support and Its Influence on Mental-Health for the Helper
Yutaka Ishii (Specified Nonprofit Corporation Light Ring., Tokyo, Japan / Department of Clinical Psychology, College of Contemporary Psychology, Rikkyo University, Saitama, Japan)

1-141-P The relationship between mental health measures for employees expected from employers and category of industry
Ayako Tanabe (Japanese Red Cross Kyushu International College of Nursing)

1-142-P Pesticide exposure and health symptoms in Cut- flower farmers
Chalalai Hanchenlaksh (Institute of Medicine, Suranaree University of Technology)

1-143-P Respiratory disorders among dust exposed workers in eastern Nepal
Suman Bahadur Singh (School of Public Health and Community Medicine, B. P. Koirala Institute of Health Sciences, Dharan, Nepal)

1-144-P Comparison of the Safety of Various Hazardous Injection Drug Preparation Methods Used by Pharmacy Students
Emiri Takahashi (Takasaki University of Health and Welfare)

1-145-P Path Analysis on Ergonomic, Musculoskeletal Disorder, Mental Health, Quality of Life and Work Ability among Small and Medium Enterprise Workers
Orawan Kaewboonchoo (Faculty of Public Health, Mahidol University, Thailand)

1-146-P THE INFLUENCE OF QUALITY OF WORK LIFE (QWL) ON ORGANIZATIONAL COMMITMENT AMONG NURSES IN HASANUDDIN UNIVERSITY HOSPITAL
Nurul Sari (Department of Hospital Management, Hasanuddin University)

1-147-P ERGONOMIC STUDY : MANUAL HANDLING AND MUSCULOSKELETAL DISORDER IN JOINT VENTURE COMPANY IN INDONESIA STUDY CASES IN STEEL MAKER COMPANY X
Indri Hapsari Susilowati (Occupational Health and Safety Department, Faculty of Public Health Universitas Indonesia)

1-148-P Relationship between depression and cumulative fatigue symptoms and the two-shift rotation of nurses in Japan
Mitsuyo Nakashima (Faculty of medicine, school of nursing, Fukuoka University)

1-149-P Primary physicians’ recognition of the need to collaborate with occupational physicians and the actuality of collaboration of each disease
Masaru Kitamura (Department of Family Medicine, Mie University Hospital)

1-150-P Short sleep duration is associated with higher risk for diabetes mellitus in obese but not in non-obese Japanese workers
Kayo Godai (Department of clinical nursing, Shiga university of medical science)

1-151-P Current health status of workers in Japan: Results from the Japan Epidemiology Collaboration on Occupational Health Study (sixteenth report)
Keisuke Kuwahara (Teikyo University Graduate School of Public Health / Department of Epidemiology and Prevention, Bureau of International Health Cooperation, National Center for Global Health and Medicine)

1-152-P Factors Association Musculoskeletal Complain among Train Locomotive Workshop Workers in Yogyakarta Province Indonesia
Sani Soleman (Department of Public Health Faculty of Medicine, Universitas Islam Indonesia)
1-153-P How to spend the day off after the night shift of the two-shift rotation of nurses and its relation to fatigue
Narumi Ooshige (Japanese Red Cross Kyushu International College of Nursing)

1-154-P Relationship between the change of the health examination data and the serum adiponectin level
Masatoshi Kawashima (Tokyo Health Care Office, Health Care Center, Central Japan Railway Company)

1-155-P The Detoxification Of Toluene Concentration By Consuming Foods Containing Glycine. (Case Study Of The Workers At The Shoe Home Industry In Surabaya)
Abdul Rohim Tualeka (Department of Occupational Health and Safety, University of Airlangga)

1-156-P Empirical study on fatigue pre- and post the night shift of two-shift rotation of nurses in Japan
Tae Yamaguchi (Department of Nursing Faculty of Nursing and Nutrition, University of Nagasaki)

1-157-P THE INFLUENCE OF CALORIE INTAKE TO WORK FATIGUE OF NURSES IN INPATIENT CARE UNIT RSU HAJI SURABAYA 2015
Rizky Maharja (Department of Occupational Health and Safety, University of Airlangga)

1-158-P CORRELATION BETWEEN TENURE, BODY MASS INDEX AND MUSCULOSKELETAL DISORDERS COMPLAINT AMONG GEMSTONE CRAFTSMAN IN KERAMAT VILLAGE EAST MARTAPURA DISTRICT
Ratna Setyaningrum Setyaningrum (Public Health Study Program, Lambung Mangkurat University)

1-159-P Psychological determinants of self-reported musculoskeletal pains among secondary school teachers in Selangor, Malaysia
Eva Nabiha Zamri (Julius Centre University of Malaya, Department of Social & Preventive Medicine, Faculty of Medicine, University of Malaya, Kuala Lumpur / Cluster of Lifestyle Science, Advanced of Medical & Dental Institute, Pulau Pinang, Malaysia.)

1-160-P The Evaluation of Toluene and Xylene Exposure and Symptoms among Traffic Policemen in Eastern Region, Thailand
Srirat Lormphongs (Department of Industrial Hygiene and Safety, Burapha University, Chonburi, Thailand)

1-161-P Study about health care status of overseas workers from rural Japanese companies
Takeshi Yoda (Department of Public Health, Faculty of Medicine, Kagawa University)

1-162-P Low Back Pain Symptom and Associated Individual Factors, Psychosocial Factors, and Smoking Habit among Drivers in Coal Mining Industry
Robiana Modjo (Department of Occupational Health & Safety, Universitas Indonesia)

1-163-P Analysis The Standard of Fire Protection System in Hospital, Case Study in Jakarta, Indonesia, 2016
Zulkifli Djunaidi (Department of Occupational Health & Safety, Universitas Indonesia)

1-164-P Prevalence of Risk Health Behavior and Diseases from Annual Checkup Result in Personnel of Faculty of Medicine, Khon Kaen University, Thailand, 2015.
Thanaphon Topanyarueang (Faculty of Medicine, Khon Kaen University, Khon kaen, Thailand.)

1-165-P The study of level of Anti HBS antibody titer after booster dose in Medical students in Faculty of Medicine Khon Kaen University
Saisamon Phondongnak (Health Promotion Unit, Srinagarind Hospital, Faculty of Medicine, Khon Kaen University)

1-166-P Prognosis of severe carpal tunnel syndrome with absent compound muscle action potential.
Hisao Kamiya (Department of Neurology, Teikyo University School of Medicine)

1-167-P The status and relationship of psychiatric nurse's anxiety and aggression management for psychiatric patients
Shing-Chia Chen (National Taiwan University)

Poster Session : Health Promotion

1-168-P A Cluster-Randomised Controlled Trial to Improve Physical Activity and Nutrition Behaviors for Vietnamese Adults with Metabolic Syndrome
Van Dinh Tran (Department of Community Health and Network Coordination, National Institute of Hygiene and Epidemiology, No. 1, Yersin street, Hanoi / School of Public Health, Curtin University, Perth, Western Australia)
1-169-P Effects of a lifestyle modification program to reduce the number of risk factors for metabolic syndrome: a randomized controlled trial
Mariko Watanabe (Showa Women's University)

1-170-P Obesity-related Diseases and their Impact on Risk of Death in Taiwan
Pei-Tseng Kung (Asia University)

1-171-P “Lansaka Model”: The Model of Larval Indices Surveillance System for Sustainable Dengue Problem Solution from Households to District Level, Thailand
Charuai Suwanbamrung (School of Allied Health Science and Public Health, Walailak University, Nakhon Si Thammarat Province, 80161, Thailand)

1-172-P One-year changes in the physical, mental and social health and life function among the elderly women participating in the group exercise.
Hiromi Tsujimoto (Graduate School of Health and Nursing Science, Wakayama Medical University)

1-173-P Effects of Health Care Service Delivery System and Health’s Transportation for Remote Rural Area in Srikaew Subdistrict, Yasothon Province.
Prasert Prasomruk (Mahidol University Amnatcharoen Campus)

1-174-P The effects of personalized nutrition intervention in folate status with MTHFR C677T genotype notification
Mami Hiraoka (School of Nutrition, College of Nursing and Nutrition, Shukutoku University)

1-175-P Factors Associated with the Willingness of Students of the University of the Philippines Manila to be Voluntary Deceased Organ Donors
Clarenze Joy Roque Maranan (College of Public Health, University of the Philippines - Manila)

1-176-P Investigation of working status of dietitians in Taiwan: comparison of results from two surveys
I Ju Lai (Department of Nutrition, I-Shou University, Kaohsiung City, Taiwan (ROC))

1-177-P Social Media, Social Marketing and Public Health Promotion: Case Study of Twitter Users on Obesity
I-Chi Chen (University Tunku Abdul Rahman, Faculty of Business and Finance)

1-178-P Effect of an Integrated Laughter, Physical Activity and Dietary Self-Control Program on HDL Level among hypertensive patients in community based-care.
Luckwirun Chotisiri (College of Public Health Sciences, Chulalongkorn University)

1-179-P Nudge for healthy eating: dish order on food intake in a buffet lunch
Yoshiharu Fukuda (School of Public Health, Teikyo University)

1-180-P Understanding of Nutrition Issues by Clients Visiting Chiropractic Clinics
Mi Kyung Lee (School of Health Professions, Murdoch University)

1-181-P A Longitudinal Study of Factors Related to WHO-5 and Community Health Promotion Activities in Rural Areas, Japan
Yuriko Nakahira (Graduate School of Medicine, Kyoto University, Japan)

1-182-P A trial to improve the system for delivering healthcare services at the grassroots level in Malawi
Toshiyasu Murai (St. Mary's Hospital / ISAPH)

1-183-P Image Mapping of Family Planning Potential Client in East Java and West Nusa Tenggara Provinces, Indonesia
Sarah Handayani Pandji (University Muhammadiyah Prof DR HAMKA)

1-184-P Associations between Maximum Oxygen Intake to Metabolic Syndrome and Locomotive Syndrome in Health Check-up Examinees
Satoko Abe (Showa University School of Nursing and Rehabilitation Sciences)

1-185-P Outcomes and subjects of public health nurse's activities using the evaluation index
Noriko Morimoto (University of Nagasaki)

1-186-P Behind the biases in computed tomography screening for lung cancer: the correlation between perceived stress and image finding
Cheng-Che Chen (Department of Psychiatry, National Taiwan University Hospital Chu-Tung Branch, Hsinchu County, Taiwan / Institute of Health Behaviours and Community Sciences and Department of Public Health, College of Public Health, National Taiwan University, Taipei, Taiwan)
1-187-P Using multiple nursing instruction to enhance nurses executed the rate of complete body cleansing
Yu Chuang Chou (Far Eastern Memorial Hospital)

1-188-P Characteristics of diabetes patients who actively participated in a specialized clinic for diabetes
Sumi Mase (Metoh-Hospital)

1-189-P A Standardization of the Evaluation Index of the Health Activity by Public Health Nurses in Japan 4th report
Kayoko Hirano (University of Nagasaki)

1-190-P Relationship between Reading Food Label Habit and Other Factors with Buying Milk-For-Toddlers Decision on Parents at SDIT Al-Hamidiyah Indonesia 2015
Syarifah Aqilah (Department of Public Health Nutrition, University of Indonesia)

1-191-P Overview of Communication, Information and Education on Family Planning during Ante Natal Care in Hospital and Clinic at Sidoarjo-Indonesia
Annisa Ulya Rasyida (Department of Public Health, Medical Faculty, University of Hang Tuah)

1-192-P Application to study dissociative identity in the field of health science
Toshiko Sawaguchi (National Institute of Public Health / Showa University School of Medicine)

1-193-P Knowledge of lactating mother about exclusive breastfeeding in Palajau Village of Jeneponto District Syamsuar, MArfandi, Fiska, Ulfah, Rian, Rosmanely Syamsuar Manyullei (Environmental health department oh Hasanuddin university)

Poster Session : Disaster

1-194-P What factors were associated with a perceived lack of information among general workers during and after the Fukushima nuclear disaster?
Hideyuki Kanda (Department of Environmental Medicine and Public Health, Shimane University)

1-195-P Public Health Disaster Training Need Analysis of Chinese Volunteers
Levina Chandra Khoe (Department of Community Medicine, Faculty of Medicine, Universitas Indonesia)

1-196-P Gender-based risk and protective factors for psychological distress in the mid-term recovery period following the Great East Japan Earthquake
Aya Ishiguro (Department of Hygiene and Public Health, Teikyo University School of Medicine / Jean Hailes Research Unit, School of Public Health and Preventive Medicine, Monash University)

1-197-P Resilience and recovery in relation to water and health after the 2015 Gorkha Earthquake, Nepal
Yoko Aihara (Kobe City College of Nursing)

1-198-P Data Mining in Twitter During Nepal Earthquake
Sheila Reyes Bonito (University of the Philippines Open University)

1-199-P Disease pattern and health needs among flood affected people; Rapid spot survey from Thabbowa Sri Lanka
Y.P.D.L. Gunarattha (Faculty of Medicine and Allied Sciences, Rajarata University of Sri Lanka)

1-200-P Increasing Disaster Awareness in Elementary School Through Scout Role
Aris Putra Firdaus (Department of Environmental Health, University of Airlangga)

1-201-P Support of the evacuees outside the prefecture due to Fukushima nuclear disaster?a study from the viewpoints of the disaster and social capital
Takahiro Iwagaki (Graduate School of Human Sciences, Waseda University)

1-202-P Considering educational materials on disaster risk management for PHN; Identifying elements of post-disaster intervention in community care system
Kimiko Hayno (Division of Nursing, School of Medicine, National Defense Medical College)

1-203-P Trend of Studies on Activities of Public Health Nurses at Disaster
Ruriko Yamashita (School of Nursing and Rehabilitation Science at Odawara International University of Health and Welfare)

1-204-P When disasters strike what happens to health systems?
Don Eliseo III Lucero-Prisno (Department of Public Health, Xi’an Jiaotong-Liverpool University / Center for International Health, Ludwig Maximilians University / Munich / Faculty of Management)
Poster Session: Education for Public Health Professionals

1-205-P Perception of Health Profession Students on Interprofessionalism Education
Assica Permata Amalya (Faculty of Medicine, Universitas Padjadjaran, Bandung, Indonesia)

1-206-P Towards a Vietnamese University Public Health Nutrition Framework: Needs Assessment
Quynh Thi Pham (School of Exercise and Nutrition Sciences, Faculty of Health, Deakin University)

1-207-P Connected and Separate knowing as a framework in evaluating the web learning of international health students, Laguna Philippines
Myra dela Pena Oruga (University of the Philippines Open University)

1-208-P Willingness of student starters in an aging industry service study program to care the elderly in Taiwan
Huei-Chu Cheng (Dep. of Healthcare Administration, I-Shou University)

1-209-P Strategy Study on Curriculum Reform for Professional Ethics in Healthcare Administration
Su-Fen You (Department of Medical Sociology and Social Work, Kaohsiung Medical University)

1-210-P A study of training programs for new dietitians/registered dietitians and refresher programs for graduates
Ikuko Matsui (Wayo Women’s University)

1-211-P Inculcating social entrepreneurship mindset and skills among medical students in Royal College of Medicine Perak.
Osman Bin Ali (Royal College of Medicine Perak, University Kuala Lumpur)

1-212-P Improved Nutrition Knowledge, Attitude, And Practices among Thai Mothers with children (aged 6-36 months) Through New Nutrition Education Programs
Chatrapa Hudthagosol (Department of Nutrition, Faculty of Public Health, Mahidol University)

Pramod Chandra Samantaray (Gopabandhu Institute of Medical Science & Research, Madhabpur, Athgarh, Cuttack)

1-214-P Creating Educational Opportunities: Experience from Teaching Research for Sri Lankan Primary Care Health Workers
Manuj Weerasinghe (Department of Community Medicine, Faculty of Medicine, University of Colombo)

1-215-P Educational issues of nursing student and faculty development in an international exchange program
Satomi Hayashi (Department of Nursing, Faculty of Medical Technology, Teikyo University)

1-216-P Global Health Governance: The development of course syllabus and textbook for undergraduate Teaching in China
Mengyi Li (Global Health Institute, Wuhan University)
Day 2: September 18 (Sun.)

September 18 (Sun.) 9:00-11:30 Main Building 2F Main Hall

Plenary symposium 3 / The 10th Teikyo-Harvard Symposium
Creating a healthy future with competent professionals: How shall we educate them at School of Public Health?

Chairs: Kazuya Shinmura (National Institute of Public Health, Japan)
        Indika Karunathilake (University of Colombo)

3-1-PL Advanced Professional Education for Public Health Leaders: Developing the Harvard DrPH
Peter Berman (Harvard University)

3-2-PL Reform of Master of Public Health courses at Harvard
Murray Mittleman (Harvard University)

3-3-PL Transformative education for public health professionals in Asia-Pacific Network on Health professional Education Reform (ANHER)
Wanicha Chuenkongkaew (Mahidol University)

3-4-PL Competency-based education in schools of public health: Challenges facing the creation of a healthy future
Mariko Inoue (Teikyo University)

September 18 (Sun.) 13:00-15:00 Main Building 2F Main Hall

Plenary symposium 4 / The 10th Teikyo-Harvard Symposium
Universal Health Coverage as Sustainable Development Goals in the Asia-Pacific Region

Chairs: Yasuki Kobayashi (The University of Tokyo)
        Augustin Kusumayati (University of Indonesia)

4-1-PL About Regional UHC action framework in the Western Pacific Region
Xu Ke (WHO - Western Pacific Regional office)

4-2-PL Competency of public health professionals to achieve Universal Health Coverage: the APACPH perspective
Masamine Jimba (The University of Tokyo)

4-3-PL The Global Fund’s role in ending epidemics and achieving UHC
Osamu Kunii (The Global Fund to fight AIDS, Tuberculosis and Malaria)

4-4-PL Education for the high level health professionals to increase their competency
Peiyu Wang (Peking University)

September 18 (Sun.) 11:00-12:00 University Building 2F Room208

Special lecture
Publishing and Communication of Public Health Advances in the 21st Century

Chair: Wah Yun Low (University of Malaysia)

1-SL Publishing and Communication of Public Health Advances in the 21st Century
Colin Binns (Curtin University)
Wah Yun Low (University of Malaysia)
Symposium 5  
Health science from a statistical perspective

Chairs: Kaoru Morikawa (Teikyo University)  
        Kazue Yamaoka (Teikyo University)

5-1-S Analysis of adverse drug reactions using large-scale database and polypharmacy in the elderly’s home medical cares  
Kaoru Morikawa (Teikyo University)

5-2-S Importance of statistical evaluation in clinical trials  
Takahiro Hasegawa (SHIONOGI & CO., LTD.)

5-3-S An empirical evaluation study on the effectiveness of lifestyle education program for NCDs  
Kazue Yamaoka (Teikyo University)

5-4-S Impact of big data analysis on prevention from life-related diseases and future direction of medicine: exemplification of Kure City model  
Mutsuhiro Nakao (Teikyo University)

5-5-S Strengthening disaster resilience through the social determinants of health  
Ichiro Kawachi (Harvard University)

Symposium 6  
Building a system to prevent and control antimicrobial-resistant infectious diseases in Asia and the Pacific

Chairs: Go Tanaka (Cabinet Office)  
        Phitaya Charupoonphol (Mahidol University)

6-1-S The Global Fund’s role in building systems against antimicrobial resistance infectious diseases  
Osamu Kunii (The Global Fund to Fight AIDS, Tuberculosis and Malaria)

6-2-S Communicable disease control in the era of the Sustainable Development Goals-an example of the WHO End TB Strategy  
Nobuyuki Nishikiori (World Health Organization)

6-3-S Building a system to prevent antimicrobial-resistant infectious diseases: Case of TB in the Philippines  
Carl Abelardo Antonio (University of the Philippines Manila)

6-4-S Developing a health system to approach antimicrobial resistance infectious disease in Malaysia  
Vickneshwaran A/L Muthu (Ministry of Health, Malaysia)

6-5-S Thailand Antimicrobial Resistance (AMR) Containment and Prevention Program  
Visanu Thamlikitkul (Mahidol University, Bangkok)

Symposium 7  
Potential for data analysis to support sustainable health financing

Chairs: Yasuki Kobayashi (The University of Tokyo)

7-1-S Potential for health insurance data analysis in policy development  
Shinichi Tanihara (Teikyo University)
Symposium 8
History Toward Universal Health Coverage: The case of Japan
Chair: Kayoko Sakisaka (Teikyo University)
Chair/Facilitator: Kenzo Takahashi (Teikyo University)

8-1-S Elements necessary to achieving universal health coverage: maternal and child health
Yasuhide Nakamura (Osaka University)

8-2-S Elements necessary to achieving universal health coverage: community empowerment and the local population
Hiroshi Sato (Institute of Developing Economies)

8-3-S Common lessons from UHC in Japan for application to other countries
Kenzo Takahashi (Teikyo University)

Oral Session 4: Infectious Diseases
Chairs: Santha Muller (Fiji National University)
Carl Abelardo Antonio (University of the Philippines Manila)

4-1-O Impacts of the Sustainable Action against HIV and AIDS in Communities (SAHACOM) on sexual reproductive health of men who have sex with men in Cambodia
Siyuan Yi (KHANA Center Touro University California)

4-2-O Spatial Clustering of Severe Fever with Thrombocytopenia Syndrome Using Spatial Autocorrelation
Ran Wu (Wuhan University)

4-3-O Peroxisome proliferator-activated receptor (PPAR)y and PPARδ function in Mycobacterium leprae-induced foam cell formation in host macrophages
Yuqian Luo (Teikyo University)

4-4-O Evaluation of Clinical and immune status of HIV positive cases and negative controls using Flow-Cytometry technology in Fiji.
Santha Muller (Medical Research Laboratory)

4-5-O Different distribution of human T-lymphotropic virus type I (HTLV-1) tax subgroup among Okinawa Islands
Shugo Sakihama (University of the Ryukyus)

4-6-O Developing the Active Surveillance of Larval Indices System for Dengue Problem Solution in High and Low Risk Area of Primary Care Unit, Thailand
Charuai Suwanbamrung (Walailak University)
Oral Session 5: Health Policy and Economics 1
Chairs: So Yoon Kim (Yonsei University)
Satoshi Toyokawa (The University of Tokyo)

5-1-O Prevalence and Economic Burden of Obesity in Taiwan
Wen-Chen Tsai (China Medical University)

5-2-O Impact of Provider Competition under Global Budgeting on the Use of Cesarean Section
Bradley Chen (National Yang-Ming University)

5-3-O What are the Factors of Regional Disparities in Generic Drug Use?
Takuma Sugahara (Hosei University)

5-4-O Progress towards universal health coverage over two decades: a comparative analysis in five South Asian countries
Md. Mizanur Rahman (The University of Tokyo)

Oral Session 6: School Health: Child and Adolescent health
Chairs: Jun Kobayashi (Ryukyus University)
Keisuke Kuwahara (Teikyo University)

6-1-O T-Car (Teenage Car): a Counseling Model to Provide Reproductive Health Education for Adolescents in Madura, Indonesia through Moving Car
Alvita Brilliana Rahmawati Arafah (Universitas Airlangga Surabaya)

6-2-O SCHOOL MENUES AND PLATE WASTE AT ELEMENTARY SCHOOL LUNCH PROGRAMM (STUDY AT MUHAMMADIYAH SCHOOL IN SURABAYA, INDONESIA)
Farapti Farapti (Universitas Airlangga)

6-3-O Associations between Time Spent in Screen-Based Behaviors and Unhealthy Eating Behaviors, Academic Performance and Mental Health among Adolescents.
Hanyi Yan (Wuhan University)

6-4-O Nutrition effectiveness of 6--18 months in low-income rural areas
Xiaoting Ding (Wuhan University)

Oral Session 7: Health Policy and Economics 2
Chairs: Betty Chiu (Taipei Medical University)
Shinichi Tanihara (Teikyo University)

7-1-O Cost-Utility analysis of a center-based disability preventive program in an older, mildly disabled community-dwelling population of Japan
Takaaki Ikeda (Tanpopo Clinic / Tokyo Metropolitan University)

7-2-O Assessment to factors associating direct expenses to coronary artery disease in Taiwan - a nationwide study
Huiju Tsai (Taipei City Hospital)

7-3-O Using health economics to improve infection control policy and practice in Australia
David C Brain (Queensland University)

7-4-O Trends and patterns of obesity among OECD countries: Are we all fat?
Son Hong Nghiem (Queensland University)
Oral Session 8: Aging  
Chairs: Phitaya Charupoonphol (Mahidol University)  
Hideki Yamamoto (Teikyo University)  

8-1-O  Curcumin consumption and cognitive function in elderly.  
Basanta Kumar Mohanty (University Kuala Lumpur Royal College of Medicine Perak)  

8-2-O  Prevalence of frailty and pre-frailty in low and middle income countries: A systematic review and meta-analysis  
Dhammika Deepani Siriwardhana (University College London, University of Kelaniya)  

8-3-O  Association of dog ownership with cognitive decline among community-dwelling older residents in Japan: longitudinal analysis  
Emiko Ando (The University of Tokyo)  

8-4-O  The association between community social capital and diabetes among older people: the Results From the JAGES 2010 Project  
Airi Amemiyama (Teikyo University)  

8-5-O  Improving Sexual and Reproductive Health and Right in Indonesia: Men Involvement in Public Health Intervention  
Eskaning Arum Pawestri (Universitas Indonesia)  

Oral Session 9: Young researcher’s and students’ session 1  
Chairs: Haruhiko Inada (Ministry of Health, Labour and Welfare)  
Masaaki Matsuura (Teikyo University)  

9-1-O  Estimating the Direct Economic Disease Burden of Healthcare associated Infections (HAIs) in China  
Xinliang Liu (Wuhan University)  

9-2-O  Measuring Technical Efficiency of Township Hospitals in Wuhan, China: A Bootstrap-DEA approach  
Yan Chen (Wuhan University)  

9-3-O  Reproducibility and validity of Food Frequency Questionnaire (MyUM Adolescent FFQ) to estimate the habitual dietary intake of adolescents in Malaysia  
Khairunnisa Mohamed (University of Malaya)  

YITA  
9-4-O  Utilization of formative research to understand adolescent school girls’ view point and preferences on fruit and vegetables  
Hera Nurlita (Ministry of Health Republic of Indonesia, Universitas Indonesia)  

9-5-O  Associated Factors of Regional Variation in Suicide rate in South Korea  
Minjae Choi (Korea University)  

9-6-O  A study on The Implementation of District Health Account in Performing Basic Competences of The Structural Officials of Health Office in NTB Province  
Alya Hazfiarini (Airlangga University)  

9-7-O  Intersectionality and Risk-Taking Behaviours in Minority and Socially Disadvantaged Groups: Findings from the Global Drug Survey (GDS)  
Julie-Anne Carroll (QUT)
Oral Session 10 : Maternal and Child Health/Womens Health 1  
**Chairs:** Surasak Taneepanichskul (Chulalongkorn University)  
Yan-Hong Gu (Teikyo University)

10-1-O  **Title:** Incidence and determinants of lactation mastitis among Iranian mothers  
**Mahnaz Zarshenas** (Curtin University)

10-2-O  **Fetal macrosomia and obesity in children under three years in China: a cohort study**  
**Xiong-Fei Pan** (Huazhong University / Sichuan University)

10-3-O  **Birth spacing and use of contraceptives by multiparous women in eastern Nepal**  
**Rajendra Karkee** (BP Koirala Institute of Health Sciences)

10-4-O  withdrawn

10-5-O  **Changes in reproductive health practices in Zhejiang Province after amendments to the ‘One Child Policy’**  
**Qiu Li Qian** (Zhejiang University)

---

Oral Session 11 : Health Promotion and Mental Health  
**Chairs:** Elahe Nezami (University of Southern California)  
Mutsuhiro Nakao (Teikyo University)

11-1-O  **Anaemia and depression before and after birth: a cohort study based on linked population data**  
**Fenglian Xu** (University of Technology Sydney)

11-2-O  **Depression is associated with unhealthy lifestyle behaviours, body image and disordered eating risks in young Japanese females**  
**Masaharu Kagawa** (Kagawa Nutrition University)

11-3-O  **Prevalence and Associated Factors of Erectile Dysfunction among Married Men in Vietnam**  
**Thang Van Vo** (Hue University)

11-4-O  **Combined healthy lifestyle habits and incident disability in an elderly population: The Ohsaki Cohort 2006 Study**  
**Shu Zhang** (Tohoku University)

---

Oral Session 12 : Tobacco Control  
**Chairs:** Eiji Yano (Teikyo University)  
Kei Asayama (Teikyo University)

12-1-O  **Investigating Mechanisms of Cigarette Plain Packaging Perceptions on Intent to Abstain from Smoking among Female Youths:Implications for Public Health**  
**Naruemon Auemanee Kul** (Mahidol University)

12-2-O  **Welfare Analysis on Japan’s Smoke Zero Policy**  
**Kenzo Takahashi** (Teikyo University)

12-3-O  **Smoking and the risk of type 2 diabetes among Japanese: a systematic review and meta-analysis**  
**Shamima Akter** (National Center for Global Health and Medicine)
12-4-O  Determinants of smoking cessation in Indonesia
Besral Besral (University of Indonesia)

September 18 (Sun.) 13:00-14:00  University Building 2F Room210

Oral Session 13 : Rural and Island Health/Injury Prevention
Chairs: Tomiko Hokama (Ryukyus University)
        Jun Tomio (The University of Tokyo)

YITA
13-1-O  Drunk driving accidents in Taiwan: the association with current problematic drinking, depression, and quality of life from a national survey
        Cheng-Che Chen (National Taiwan University)

13-2-O  Epidemiology of road traffic crashes and involved road users in a police division in Sri Lanka
        Priyadarshanie Geethika Amarasinghe (North Western Province)

13-3-O  Associations between maternal anemia, environmental factors, and parasite infection with anemia status among Malaysian aboriginal children
        Wan Ying Gan (University Putra Malaysia)

13-4-O  Associations between psychosocial care, anemia, and parasite infection with cognitive performance among aboriginal children in Malaysia
        Siti Fatihah Binti Murtaza (University Putra Malaysia)

September 18 (Sun.) 16:00-17:00  University Building 2F Room203

Oral Session 14 : Non-Communicable Diseases
Chairs: Bruce Richard Maycock (Curtin University)
        Takayoshi Ohkubo (Teikyo University)

14-1-O  Effects of Multidisciplinary Care on Utilization of Emergency Care for Colorectal Cancer Patients:A Large Retrospective and Cohort Study
        Chun-Ming Liao (China Medical University)

14-2-O  Prevalence and influencing factors of urolithiasis in Yongfeng county of Jiangxi province, China
        Guangqin Fan (Nanchang University)

14-3-O  Trend of obesity among primary schoolchildren, the Bright and Healthy Thai Kid Project: multiple cross-sectional studies in the period of 10 years.
        Chutima Sirikulchayanonta (Mahidol University)

14-4-O  Assessment of hospital length of stay and direct costs of type 2 diabetes mellitus in Hubei Province, China
        Dajie Chen (Wuhan University)

September 18 (Sun.) 16:00-17:30  University Building 2F Room204

Oral Session 15 : Environmental Health
Chairs: Prayoon Fongsatitkul (Mahidol University)
        Don Eliseo III Lucero-Prisno (Xi’an Jiaotong-Liverpool University)

15-1-O  Ambient desert dust worsens allergic symptoms in pregnant women: A natural experiment in Japan
        Kumiko Tsuji Kanatani (Kyoto University)
15-2-O  Impact of 2015 Gorkha Earthquake on household water use and consequently on wellbeing in Kathmandu Valley, Nepal: A follow-up study
Sadhana Shrestha (University of Yamanashi)

15-3-O  Environmental Exposure to Polycyclic Aromatic Hydrocarbons (PAHs) During Pregnancy and Risk of Preterm Birth
Bijaya Kumar Padhi (Asian Institute of Public Health)

15-4-O  Association between air pollution and hospital admissions for ischemic heart disease in Wuhan, China
Zhaixing Gao (Wuhan University)

15-5-O  Acute effects of carbon fractions in fine particular matter on lung function of health adults in Wuhan, China: a panel study
Yaohui Zhu (Wuhan University)

15-6-O  Awareness and behavior of occupational physicians related to collaboration with attending physicians. -toward bridge between clinic and company
Go Muto (Juntendo University)

September 18 (Sun.) 16:00-17:00  University Building 2F Room210

**Oral Session 16 : Disaster**

Chairs: Kayako Sakisaka (Teikyo University)  
Honami Yoshida (National Institute of Public Health, Japan)

16-1-O  Factors associated with feeling of isolation among victims of the 2011 Great East Japan Earthquake: a cross-sectional study in Iwate, Japan.
Kayako Sakisaka (Teikyo University)

16-2-O  Perception level of technical terms regarding the effect of radiation on the human body by residents of Japan
Yoshitoku Yoshida (Shubun University)

16-3-O  Water Supply and Hygiene Conditions at the Camps of Disaster Victims after the 2015 Nepal Earthquake; Case of Chochipati KTM
Gaku Manago (Toyo University)

16-4-O  HEALTH RISK ASSESSMENT AND VULNERABILITY OF CHILDREN IN FLOOD PRONE AREA OF MAKASSAR
Syamsuar, Abdul Haris, Ririn Suwahyuni, Erniwati Syamsuar Manyullei (Hasanuddin University)

September 18 (Sun.) 17:00-18:00  University Building 2F Room210

**Oral Session 17 : Public Health related topics**

Chairs: Hideki Yamamoto (Teikyo University)  
Yoshinori Nakata (Teikyo University)

17-1-O  What should be considered when implementing a patient decision support intervention?: Policy makers’ and healthcare providers’ views
Wen Ting Tong (University of Malaya)

17-2-O  Missing Teeth and the Use of Denture to Nutritional Status of Elderly in Indonesia
Hutami Fitri Widhiyanti (University of Indonesia)
Accessibility to The Nearest Health Care and Mother's Vaccination Knowledge on Toddler Vaccination Status in Jayawijaya Highland, Papua Province
Maria G Merisa (Faculty of Medicine, University of Indonesia)

September 18 (Sun.) 11:30-12:30  University Building B1F/1F lobby

Poster Session : Non-Communicable Diseases

2-001-P Habitual tea consumption associated with reduced risk of prostate cancer in Vietnamese men
Dong Van Hoang (School of Public Health, Curtin University)

2-002-P SMOKERS AND EX-SMOKERS THE SAME AS HAVING THE RISK OF CERVICAL CANCER IN INDONESIA
Besral Besral (University of Indonesia)

2-003-P The Effects of Regular Source of Care on Avoidable Hospitalizations Among patients with Chronic Obstructive Pulmonary Disease (COPD)
Ipo Lin (Department of Health care Administration, Oriental Institute of Technology)

2-004-P The association between green tea consumption and type 2 diabetes: a hospital case-control study in Vietnam
Chung Than Nguyen (Curtin School of Public Health / National Institute of Hygiene and Epidemiology)

2-005-P Validation of the equation for estimating daily sodium excretion from spot urine in patients with CKD
Hoichi Amano (Graduate School of Public Health, Teikyo University / Division of Nephrology and Hypertension, The Jikei University Hospital)

2-006-P Chromosomal abnormalities: subgroup analysis by maternal age and perinatal features from a hospital-based provincial study 2011 - 2015
Zhang Xiao Hui (Women’s Hospital Zhejiang University, China)

2-007-P Monitoring longitudinal evolution of cancer mortality by spatio-temporal ring map
Ta-Chien Chan (Research Center for Humanities and Social Sciences, Academia Sinica, Taiwan)

2-008-P Effects of Age, Sex, and Metabolic Syndrome on Osteoporosis of the Elderly in Changhua, Taiwan
Pei-Yu Yang (Department of Medical Research, Show-Chwan Memorial Hospital)

2-009-P Travel behaviour, active travel and its relationship to physical activity among Sri Lankan adults
Shreenika De Silva Weliange (University of Colombo)

2-010-P Family support and glycemic control among type 2 diabetic patients attending a district hospital in Thailand: a preliminary data
Pongpat Thamthurasan (Research Group on Prevention and Control of Diabetes in the Northeast of Thailand, Khon kaen University / Faculty of Public Health, Khon Kaen University)

2-011-P Effects of behavioral type-specific lifestyle education for diabetes patients: a study protocol
Misa Adachi (Nutrition Support Network LLC / Teikyo University Graduate School of Public Health)

2-012-P Anti-Inflammatory Effect of Coleus amboinicus Extract on Gout Arthritis Patients.
Lailatul Muniroh (Nutrition Department, Faculty of Public Health, University of Airlangga)

2-013-P The Association between Continuity of Care and the End-Stage Renal Disease in Newly Diagnosed Type 2 Diabetes Patients
Po-Ya Chang (Taipei Medical University)

2-014-P Waist to Height Ratio to Identify Hypercholesterolemia in Indonesia
Resthie Rachmanta (Faculty of Public Health, University of Indonesia)

2-015-P One-year prevalence of cerebrovascular and heart diseases among 996,637 employees based on medical claim and health checks in Japan
Arata Mathushima (Japan Health Insurance Association Hiroshima Branch)
2-016-P  Non-communicable disease risk factors among Bangladeshi men living in Palau: preliminary findings from a parallel mixed design
Chifa Chiang (Department of Public Health and Health Systems, Nagoya University School of Medicine)

2-017-P  Various health effects from stroke to patients and caregivers
Karnchanasri Singhpoo (Faculty of Medicine, Khon Kaen University)

2-018-P  Alcoholic Beverages Advertisement in Printed Media and Youth Drinking: a case study of university students
Nithat Sirichotiratana (Faculty of Public Health, Mahidol University)

2-019-P  The relationship among levels of plasma folate, global DNA methylation, and the survival of Urothelial carcinoma
Li-Ching Hsu (China Medical University)

2-020-P  Lipid profile abnormalities of type 2 diabetic patients attending a primary healthcare in Thailand
Benja Muktabhant (Research Group on Prevention and Control of Diabetes in the Northeast of Thailand, Khon Kaen University / Faculty of Public Health, Khon Kaen University)

2-021-P  EFFECT OF PRACTICING SKT3 TO CONTROL LIPID LEVEL AMONG DYSLIPIDEMIA PERSONS
Supaporn Naewbood (Faculty of Nursing, Naresuan University, Thailand)

2-022-P  Autonomy and long-term recovery of community dwelling patients after stroke: A qualitative study
Shinichi Wada (Moriyama Rehabilitation Clinic / Graduate School of Public Health, Teikyo University)

2-023-P  Using smart phone technology to monitor physical activities among Medical Students
D.S.Y.K.K. Dissanayake (Faculty of Medicine and Allied Sciences, Rajarata University of Sri Lanka)

2-024-P  RESEARCH ON FOOD LABEL WITH PHYSICAL ACTIVITY AS AN EFFORT TO PREVENT OBESITY
Radhiyah Diyana Puspitasari (Departement of Health Policy Administration, Faculty of Public Health, Universitas Indonesia, Depok, Indonesia)

2-025-P  Community-based initial survey in Fiji: participation rate and its implications for interventions on prevention and control of NCDs
Marika Nomura (National Institute of Public Health (NIPH), Japan)

2-026-P  Changes drinking patterns among Chinese Hong Kong after a territory-wide elimination of alcohol taxes.
Jean Hee Kim (The School of Public Health & Primary Care, The Chinese University of Hong Kong)

2-027-P  PREVALENCE AND DETERMINANTS OF METABOLIC SYNDROME IN INDONESIAN ADULT AND ELDERLY
Sudijanto Kamso (Universitas Indonesia)

2-028-P  Essential clinical examinations related to NCDs prevention and control in the primary healthcare facilities, National Capital Region, Philippines
Yoshiko Kudo (Showa University / International University of Health and Welfare)

2-029-P  The role of nutritionists in the prevention and control of NCDs in developing countries
Yasuyo Ebihara (Chiba Prefectural University of Health Sciences)

2-030-P  Gender differences in nutritional status among rural Thai adults
Pornpimon Chupanit (Research group on prevention and control of diabetes in the Northeast of Thailand / Faculty of Public Health, Khon Kaen University)
**2-031-P** Association between alcohol consumption and insulin action according to γ-glutamyltranspeptidase levels in Japanese men: the Saku study  
Yukako Tatsumi (Department of Hygiene and Public Health, Teikyo University)

**Poster Session: Maternal and Child Health/Women's health 1**

**2-032-P** Prevalence of low birthweight and macrosomia, and their correlates in four rapidly urbanized areas of Chengdu, China in 2008-2014  
Xiong-Fei Pan (School of Public Health, Tongji Medical College, Huazhong University of Science and Technology / West China School of Public Health, Sichuan University, China / Center for Clinical Epidemiology and Evidence-Based Medicine, Sichuan University, China)

**2-033-P** CONCENTRATION OF INTERLEUKIN-12 IN LAST TRIMESTER OF PREGNANCY AND ITS RELATIONSHIP WITH MATERNAL ANTHROPOMETRIC INDICES  
Sri Sumarmi (Department of Nutrition, Faculty of Public Health, Universitas Airlangga)

**2-034-P** Human Papillomavirus (HPV) Vaccination Rate and Factors Related to Intention to Obtain the Vaccine among Young Women in Thailand  
Nop Ratanasiripong (California State University, Dominguez Hills, USA)

**2-035-P** Behavioral development in low-risk very and extremely low birth weight infants at around 19 months of age  
Noriko Yamaoka (Correspondence Course of Nursing, Kobe Tokiwa University / Graduate School of Health Sciences, Kobe University)

**2-036-P** Association between health insurance and skilled birth attendance among women delivered at home: a cross-sectional study in Ifugao, Philippines  
Mari Nishino (Graduate School of Public Health, Teikyo University)

**2-037-P** Comparison of Maternal Nutrition Literacy, Dietary Diversity and Food Security among Households in Urban Indonesia  
Trias Mahmudiono (Department of Nutrition, Universitas Airlangga - INDONESIA / Department of Food, Nutrition, Dietetics, and Health, Kansas State University - USA)

**2-038-P** A conceptual model leading to the development of Pregnancy Intention Scale for Chinese Women  
Jun Rui Ma (Department of Epidemiology and Health Statistics, School of Public Health, Wuhan University)

**2-039-P** Population characteristics and pregnant outcomes of the reproductive women with HIV infection  
Zhang Xiao Hui (Women's Hospital Zhejiang University, China)

**2-040-P** Research on the Comprehensive Evaluation of China’s maternal and child health, 2003-2014  
Gangming Zhang (School of Public Health, Wuhan University)

**2-041-P** Can a safe delivery be realized in Lao PDR? - Determinants of selecting childbirth attended by a skilled birth attendant -  
Tomomi Ibi (Japan International Cooperation Agency, Tokyo, Japan.)

**2-042-P** Perception and satisfaction level of Japanese women with breast cancer in shared decision making for its treatment  
Keiko Yamauchi (Kurume University School of Medicine)

**2-043-P** Factors facilitating psychological well-being among mothers of children with disabilities in Japan  
Miyako Kimura (Department of Preventive Medicine, St. Marianna University School of Medicine)

**2-044-P** The balance of three major nutrients based on maternal dietary intake from pregnancy to 6 months postpartum  
Megumi Fujita (Yamagata University, Faculty of Medicine)

**2-045-P** Factors related to quality of life of young postoperative breast cancer women  
Tamiko Tanino (School of Health and Nursing Science, Wakayama Medical University)

**2-046-P** Gestational weight gain during pregnancy in relation to low birth weight infants  
Murai Utako (Teikyo University Graduate School of Public Health / Graduate School of Comprehensive Human Sciences, University of Tsukuba)
2-047-P Anemia prevalence and associated factors among reproductive aged women in West Papua, Indonesia
Chiho Yamazaki (Department of Public Health, Gunma University Graduate School of Medicine)

2-048-P Low birth weight and cerebral palsy: a nationwide ecological study in Japan
Eri Maeda (Akita University Graduate School of Medicine)

2-049-P Factors influencing to ease depressive tendency of women for 3 months afterbirth in Okinawa
Rika Takemoto (School of Health Science, Faculty of Medicine, University of the Ryukyus)

2-050-P Consumption of dietary supplements by Chinese women during pregnancy and postpartum: A prospective cohort study
Andy H Lee (School of Public Health, Curtin University, Perth, WA, Australia)

2-051-P In cases with low thyroid hormone levels, NTDs were associated with a mild deficiency of folic acid
Ping Zheng (Beijing FangShan District Maternal and Child Health Care Hospital, Beijing, China / Graduate School of Public Health, Teikyo University, Tokyo, Japan)

2-052-P Association among midwife and maternity hospital, live birth
Asami Totsuka (Midwife Asami Totsuka / Cooperation researcher / Graduate School of Public Health, Teikyo University)

2-053-P Gestational Weight Gain and Its Association with Maternal Nutritional Status, Dietary Diversity and Sociodemographic Characteristics
Wei Ting Fiona-Lim (Department of Community Medicine, School of Medical Sciences, University Sains Malaysia)

2-054-P Intervention model to improve the knowledge and attitude of mothers in reproductive age in Pernantin village of Juhar, Karo District, Indonesia 2003
Sri Paulina Riah Ukurta (University of Indonesia)

2-055-P Validity of the Self-Report questionnaire of Quality of Life for Young Children Using Picture Cards
Mitsuyo Okamoto (School of Health and Nursing Science, Wakayama Medical University)

2-056-P Socio-economic Factors Affecting Maternal Mortality Rate in Indonesia
Mayang Sari (Gnuma University / Universitas Padjadjaran)

2-057-P Lifestyle-related disease risks and menopause symptoms among middle-aged women in the Kinan Region of Japan
Ruriko Miyashita (Kobe City College of Nursing)

2-058-P The utilization of health care services in postpartum women who had home-delivery and its affect on their health in the Philippines
Tadashi Yamashita (Kobe City College of Nursing)

2-059-P Children-friendly medical environment quality improvement
Pei-Hsin Kuo (Children’s Hospital of China medical University)

2-060-P Maternal attachment of mother to 3-4-month infant and its related factors
Noriko Tamaki (Graduate School of Health and Nursing Sciences, Wakayama Medical University)

2-061-P Factors affecting change of psychological personality type (Big Five) among ex-street children working in Phnom Penh, Cambodia.
Kayako Sakisaka (Teikyo University Graduate School of Public Health)

Poster Session : Environmental Health 2

2-062-P Development and application of online risk assessment system RisMap™: Case study on storage tank emissions in Taiwan
Kuan-Yi Chen (Department of Public Health, China Medical University)

2-063-P Associations between Satellite Aerosol Optical Depth and daily mortality in Wuhan, China
Hao Xiang (Department of Epidemiology& Biostatistics, School of Public Health, Wuhan University / Global Health Institute, Wuhan University)

2-064-P Agricultural workers, health problems and pesticide used in Thailand
Pornpimol Kongtip (Department of Occupational Health and Safety, Faculty of Public Health, Mahidol University)
2-065-P  LPS Endotoxin containing PADDY MILING-dust leads to cross shift lung function decline OF THE operators
Soedjajadi Keman (Dept of Environmental Health, Faculty of Public Health, Universitas Airlangga, Surabaya)

2-066-P  Modelling Dengue haemorrhagic fever and its relationship with rainfall and temperature in Surabaya using time-series and ARIMAX analysis
Ririh Yudhastuti (Department of Environmetal Health Faculty of Public Health Universitas Airlangga)

2-067-P  Blood Lead Levels and Its Effect on Hemoglobin Levels of Printing Workers in South Tangerang, 2015
Dewi Utami Iriani (Public Health Program Study, The Islamic State University, Syarif Hidayatullah)

2-068-P  Assessment of natural and synthetic female hormones using embryonic and gravid maternal bioassay in daphnids
Dean H.C. Hsu (School of Public Health, Chung Shan Medical University)

2-069-P  Risk Factors Analysis Of Heat Exhaustion To Workers in The Tapping, Rabbling, Refining, Crystallizer, and Casting Area In PT. X, Bangka 2014
Ririn Arminsih Wulandari (Dep. Of Public Health, University of Indonesia)

2-070-P  Healthy Behavior Profile of Provincial Flat Residents in Cakung Subdistrict, Jakarta, Indonesia: A Community Diagnosis
Aprilia Dwi Iriani (Faculty of Medicine, University of Indonesia)

2-071-P  SANITATION FACILITY AND AMBIENT AIR QUALITY AT SURABAYA ZOO
Lilis Sulistyorini (Department of Environmental Health, Public Health Faculty, University of Airlangga)

2-072-P  HEALTH AND ENVIRONMENTAL IMPACT OF HOT MUD VOLCANO IN THE SIDOARJO , EAST JAVA - INDONESIA
Jojok Mukono (Environmental Health Department Faculty of Public Health Airlangga University)

2-073-P  Aluminum Leaching from Aluminum Utensils to Stewed Mackerel Fish in Salty Soap
Tanasri Sihabut (Department of Environmental Health Sciences, Faculty of Public Health, Mahidol University)

2-074-P  Association between job promotion and mental illness: A case-control study within a Japanese manufacturing company cohort
You Hwi Song (Teikyo University Graduate School of Public Health)

Poster Session : Mental Health

2-075-P  The Effects of Social Skills Training (SST) Intervention on family of Schizophrenia Patients
Misuzu Takahara (School of Health Sciences, Faculty of medicine, University of the Ryukyus)

2-076-P  Association between Attitude toward Help-seeking and Mental Health
Keiko Suzuki (Akita University Graduate School of Health Sciences)

2-077-P  Effects of Japanese extracurricular school club membership on depressive symptoms in young adulthood
Tohru Kobayashi (Department of Public Health, Hokkaido University Graduate School of Medicine)

2-078-P  Powerlessness among Adult Japanese Patients with Type 1 Diabetes: Aiming for Empowerment
Ikuko Nishio (Department of Adult and Geriatric Nursing, School of Health Science, Faculty of medicine, Tottori University)

2-079-P  Malaysian Infertile men and women: Do they suffer Mental Health problems?
Noor Izni Mohamed Shapie (Department of Social and Preventive Medicine, Faculty of Medicine, University Malaya, Malaysia)

2-080-P  Normative data, cutoff values and factors associated with teacher related strength and difficulties questionnaire (SDQ) for children in Sri Lanka.
Suneth Buddhika Agampodi (Department of Community Medicine, Faculty of Medicine & Allied Sciences, Rajarata University of Sri Lanka)

2-081-P  Student Movement of Caring Children with Spextcial Needs (SuMo Ricis) as Increasing the Independent Socializing with Children in Society
Nurwinda Ramadhani (Universitas Airlangga)
2-082-P Process of psychosocial conflict and the changing consciousness of female alcoholic patients to decide the abstinence
Chihiro Kusuki (Graduate School of Health Sciences, University of the Ryukyus)

2-083-P Improving the assessment and management of drug dependence in the Philippines through government-academe-civil society partnership
Carl Abelardo T. Antonio (College of Public Health, University of the Philippines Manila)

2-084-P Association between behavioral and psychological characteristics and room environments among nursing or social work students: a cross-sectional study
Yuka Nojiri (Faculty of Medical Technology, Teikyo University)

2-085-P Effectiveness of an education program for organizationally challenged teens and middle-aged adults: study protocol of a randomized controlled trial
Yasuko Aso (Faculty of Medical Technology, Teikyo University / Teikyo University Graduate School of Public Health)

2-086-P MOOD STATE PARAMETERS OF PATIENTS BEFORE TRANSRECTAL ULTRASOUND-GUIDED PROSTATE NEEDLE BIOPSY
Yoko Miyoshi (Faculty of Medicine, Tottori University)

2-087-P The recognition of sexual relations as social norms through love scenes in prime time soap operas.
Malinee Sompopcharoen (Department of heath education and behavioral sciences, Mahidol University)

Poster Session: Social Determinants of Health

2-088-P Adverse Childhood Experiences and Functional Limitations Among Japanese Older People: Results From the JAGES 2013 Project
Airi Amemiya (National Research Institute for Child health and Development / Graduate School of Public Health, Teikyo University)

2-089-P Childhood socioeconomic status and participation in sports groups among Japanese older adults: Results from the Japan Gerontological Evaluation Study
Mitsuya Yamakita (College of Liberal Arts and Sciences, Kitasato University)

2-090-P Factors Associated with the use of Online Media Affect the health of Students in Humanities and Social Sciences, Mahasarakham University, Thailand
Niruwan Turnbull (Mahasarakham University)

2-091-P Use of medical services by the patients with percutaneous coronary intervention according to medical insurance type
Mi-Kyung Son (Chungnam National University Hospital / Department of Public Health, Chungnam National University School of Medicine)

2-092-P Counterfeit or substandard? The quality problem of made-in-India pharmaceuticals -From price survey and interviews in the region of the capital city-
Satoru Kimura (International Collaboration, Human Sciences, Osaka University)

2-093-P Positive social interaction plays a critical role in enhancing mental health among HIV-infected patients in Hanoi, Vietnam
Shoko Matsumoto (AIDS Clinical Center, National Center for Global Health and Medicine, Tokyo, Japan / Graduate School of Public Health, Teikyo University, Tokyo, Japan)

2-094-P Attitude toward gastrostomy placement at the end of life and related factors in Japanese adults
Takafumi Yamamoto (Tohoku University Graduate School of Dentistry)

2-095-P SEXUAL AND REPRODUCTIVE HEALTH IN ADOLESCENT WITH DISABILITIES IN INDONESIA: Knowledge, Behavior, and Access to Health Service
Pariawan Lutfi Ghazali (Department of Public Health, Faculty of Medicine, Islamic University of Indonesia)

2-096-P Do house tenants have worse health than homeowners? Evidence from an 11-year follow-up study in Taiwan
Yu-Hung Chang (Department of Public Health, China Medical University, Taiwan)
2-097-P Poor social capital as a risk factor for maternal self-harm in Rural Sri Lanka and the role of public health system as a buffer
Thilini Chanchala Agampodi (Department of Community Medicine, Faculty of Medicine and Allied Sciences, Rajarata University of Sri Lanka)

2-098-P PREDICTORS FOR HEALTH-CARE UTILISATION IN RURAL MALAYSIA-A POPULATION BASED STUDY
Hui Ting Tan (Department of Social and Preventive Medicine, Faculty of Medicine, University of Malaya, 50603 Lembah Pantai, Kuala Lumpur, Malaysia)

2-099-P Assessment Paederus sp. Outbreak in Java Island, Indonesia: Overview Aspects of Knowledge, Attitudes, and Behavior
Anggi Septia Irawan (Ministry of Health republic Indonesia)

2-100-P Associations between educational attainment and overweight among married and unmarried women in Japan
Keiko Murakami (Department of Hygiene and Public Health, Teikyo University School of Medicine / Department of Health and Social Behavior, School of Public Health, The University of Tokyo)

2-101-P Development of Health Information in Community Based on Geographical Information System via Mobile Devices in Saraphi District, Chiang Mai, Thailand
Waraporn Boonchieng (Faculty of Nursing, Chiang Mai University)

2-102-P The Cooperation model in health sector between Regions in Indonesia (A case study in the province of East Java)
Ratna Dwi Wulandari (Department of Administration and Health Policy, Faculty of Public Health, University of Airlangga Indonesia)

2-103-P Number of Unmet Need in Urban and Rural Area of East Java Province, Indonesia
Soenarnatalina Melaniani (Department of Biostatistic and Population Studies, Faculty of Public Health, Airlangga University)

Poster Session : Injury Prevention / Road Safety

2-104-P Evaluation of antiepileptic drugs for prevention posttraumatic seizure
Cheng Hsin Hsuan (Department of pharmacy, Taichung veterans general hospital / Department of health services administration, China medical university)

2-105-P Palliative Care Experiences for Women with Breast Cancer among Thai Family caregivers
Chommanard Wannapornsiri (Faculty of Nursing, Naresuan University)

Poster Session : Rural & Island Health

2-106-P Analysis Using Text Mining Methods to Assess of Lower Extremity Exercise for the Promotion of Health Among an Elderly Population in a Rural Area
Junko Yoshimura (Tottori University Faculty Medicine)

2-107-P A tale of two polities: health in Independent Samoa and American Samoa.
Victoria Fan (Department of Public Health Studies, University of Hawaii at Manoa / East-West Center / FXB Center for Health and Human Rights, Harvard T.H. Chan School of Public Health / Center for Global Development)

2-108-P Factor Related to the Living Preferences During the Care Period for Residents of 4 Small Isolated Islands, Okinawa Prefecture
Yasuko Koja (School of Health Sciences, Faculty of Medicine, University of the Ryukyu)
2-109-P  The Challenges and Problems of Moving Hospital in the Indonesian Outermost Border Regions and Islands
Dumilah Ayuningtyas (Department of Health Administration and Policy, Faculty of Public Health, Universitas Indonesia)

Poster Viewing

September 18 (Sun.) 15:00-16:00  University Building B1F/1F lobby

Poster Session : Infectious Diseases

2-110-P  Incidence and Re-infection rates of Opisthorchis viverrini in upper Northeastern, Thailand
Kesorn Thaewnungkiew (*Office of Disease Prevention and Control Region 7, Khon Kaen)

2-111-P  The association of taking antipsychotics and Infection Risk in Patients with severe mental disorder
Shih-Pei Shen (China Medical University / Department of Community Psychiatry, Kai-Syuan Psychiatric Hospital, Kaohsiung City, Taiwan)

2-112-P  Campus AIDS prevention and control – advocacy upon entrance of 7th grade
Ya Lin Hsu (Department of Health, New Taipei City Government)

2-113-P  Spasial Distribution and Determinant of HIV/AIDS in West Java Province
Cecep Heriana (Study Program of Public Health, Kuningan Health Collage West Java Indonesia)

2-114-P  Survey of hepatitis virus screening and work conditions of hepatitis workers in Japanese workplace
Hiroyuki Furuya (Basic clinical science and public health, Tokai University School of Medicine)

2-115-P  FACTORS ASSOCIATED TO DIPThERIAE IMMUNIZATION AT TWO DISTRICTS IN INDOESIA IN 2013
Triyunis Miko Wahyono (Epidemiology Department Public Health Faculty Universitas Indonesia)

2-116-P  Factors influence the incidence of TB-HIV patients receiving treatment in the Adam Malik hospital Medan, Sumatera Utara Indonesia
Rahayu Lubis (Faculty of Public Health University of Sumatera Utara)

2-117-P  Determination of triacylglycerol species that accumulates following Mycobacterium leprae infection
Kazunari Tanigawa (Department of Molecular Pharmaceutics Faculty of Pharma-Sciences Teikyo University)

2-118-P  Public Fear and Risk Perception during the 2015 Dengue Fever Outbreak in Taiwan
Shu-Yu Lyu (Department of Leisure Industry and Health Promotion, National Taipei University of Nursing and Health Sciences)

2-119-P  Determination of normal reference values for the CD markers amongst the healthy Fijian population
Atlesh Nand Sudhakar (Medical Research Laboratory)

2-120-P  Applying Structural Equation Model to Understand Inequity of Immunization Program in 31 Districts in Indonesia
Iwan Ariawan (Department Biostatistics, School of Public Health, Universitas Indonesia / Center for Health Research Universitas Indonesia)

2-121-P  Immunological response of Antiretroviral Therapy among HIV Infected patients at Dr Soetomo Hospital Surabaya, Indonesia
Siti Rahayu Nadhiroh (Department of Nutrition, Faculty of Public Health, Universitas Airlangga)

2-122-P  Bat-Human Interactions in Human Populations Highly Exposed to Bats in China: Implications for Zoonotic Disease Transmission
Huimin Huang (School of Public Health, Wuhan University)

2-123-P  Tuberculosis contact screening: Do existing documents support the process
Indika Pathiraja (Provincial Department of Health, North Western Province, Sri Lanka)
2-124-P Out-of-Sample Evaluation of the Estimated Number of Influenza Patients in Prescription Surveillance by National Database of Electronic Medical Claims
Yuuki Nakamura (Graduate School of Pharmacy, Nihon University)

2-125-P Proposal of Syndromic Surveillance for Early Detection of Emerging/Reemerging Infectious Disease Outbreaks
Yuuki Nakamura (Graduate School of Pharmacy, Nihon University)

2-126-P Development of novel delivery vehicles for anti-parasitic drug delivery and transfection.
Ricardo Lopez-Gonzalez (Department of Chemistry, Xi’an Jiaotong-Liverpool University)

2-127-P Deficiencies in passive surveillance system in Sri Lanka; a comparison with outbreak investigation data
Suneth Buddhika Agampodi (Department of Community Medicine, Faculty of Medicine and Allied Sciences, Rajarata University of Sri Lanka)

2-128-P DESCRIPTION OF FOOD POISONING OUTBREAK THAT OCCURED IN 2009-2014 AT EAST JAVA PROVINCE
Atik Choirul Hidajah (Department of Epidemiology Faculty of Public Health Universitas Airlangga)

Toshie Manabe (Department of Hygiene and Public Health, Teikyo University School of Medicine / Graduate School of Public Health, Teikyo University / Waseda University, Organization for Asian Studies / Graduate School of Comprehensive Human Science, Tsukuba University)

2-130-P The Analysis of Knowledge, Attitude, and Practice of High Risk Pulmonary TB Community in order to Improve TB Case Detection Rate in Matraman District
Wicensius Sianipar (Program Studi Pendidikan Dokter Umum, Community Medicine Department, Faculty of Medicine, Universitas Indonesia)

2-131-P INTEGRATED INFORMATION SYSTEM MODEL OF DENGUE HEMORRHAGIC FEVER SURVEILLANCE BASED ON HEALTH CARE, LABORATORY AND COMMUNITY
Arief Hargono (Faculty of Public Health, Universitas Airlangga)

2-132-P Leptospirosis in Anuradhapura, Sri Lanka; Do we have enough knowledge to control the outbreaks? ; one year follow up study.
Y.P.J.N. Warnasekara (Department of Community Medicine, Faculty of Medicine and Allied Sciences, Rajarata University of Sri Lanka.)

2-133-P The inclusive cost of pandemic influenza risk
Victoria Fan (Department of Public Health Studies, University of Hawaii at Manoa / Harvard University)

2-134-P Herpes Zoster Awareness and Vaccination Practices in East Asia
Brian M. Davis (Truven Health Analytics, Ann Arbor, MI USA)

2-135-P Comparison on the risk conditions among rubber plantation workers with high and low prevalence of Chikungunya infection in Thailand
Charnchudhi Chanyasanha (Department of Microbiology, Faculty of Public Health, Mahidol University, Bangkok, Thailand.)

2-136-P HIV Levels, Trends and Social Determinants in Indonesia, 1990-2015
Budi Utomo (Universitas Indonesia)

2-137-P Proposal of countermeasures based on a survey of Influenza nasal live vaccine FluMist Quadrivalent recipients in Japan
Hazuki Imasaki (Graduate School of Public Health, Teikyo University)

Poster Session : Maternal and Child Health/Women's health 2

2-138-P Maternal and perinatal health in urban settings, Mongolia
Ganchimeg Togoobaatar (Department of Global Health Nursing, University of Tsukuba / Department of Health Policy, National Center for Child Health and Development, Japan)

2-139-P Evidence for continuation of self breast examination: prevalence of symptomatic breast conditions among residents in Anuradhapura district, Sri Lanka
Ayesh Umeshana Hettiarachchi (Department of Community Medicine, Rajarata University of Sri Lanka)

Yue Tian (school of Public health, University of Wuhan)

2-197-P **Past history of snakebite among Chronic Kidney Disease of unknown origin among patients in Sri Lanka: a case control study**  
Buddhika Thilanga Bandara Wijerathne (Department of Community Medicine, Faculty of Medicine and Allied Sciences, Rajarata University of Sri Lanka)

2-198-P **Association between Japan’s nurse staffing standards in fee-schedule and geographic distribution of hospital nurse density**  
Noriko Morioka (Department of Public Health, The University of Tokyo)

**Poster Session : Public health related topics**

2-199-P **Statistical analysis of self-perceived burden and relationship equity in patients with terminal cancer**  
Miki Oeki (Hiroshima University)

2-200-P **Is gift important to people’s intention to donate blood?**  
Ying Ying Lo (Department of Healthcare Administration, I-Shou University)

2-201-P **Relations among ALS Functional Rating Scale, ALS Severity Scale and ALS Severity Classification in Relation to ALS Patients’ Functioning at Home Care**  
Tomomi Kawakami (university of human environments)

2-202-P **Preoperative risk factors of self-extubation in adult patients after operation**  
Yasutaka Konishi (Teikyo University Graduate School of Public Health / Anesthesi, Teikyo University School of Medicine)

2-203-P **A Public Health Nurse Activity of Hikikomori adulthood 1**  
Shigeki Tatsukawa (Faculty of Health Science, Naragakuen University)

2-204-P **Detection and identification of *Trichophyton tonsurans* from clinical isolates and hairbrush samples by loop-mediated isothermal amplification system**  
Ayaka Yo (General Medical Education and Reserch Center, Teikyo University)

2-205-P **Clinical factors related to effectiveness of acotiamide on the treatment of functional dyspepsia**  
Atsushi Miki (Department of Internal Medicine, Teikyo University School of Medicine)

2-206-P **Leadership and Quality Management Models at a Public Health Institute in Thailand**  
Vallerut Pobkeeree (Department of Public Health Administration, Faculty of Public Health, Mahidol University, Thailand)

2-207-P **Modulation of human basophil activation by a new member of polyphenols**  
Yusuke Tanaka (Division of Respiratory Medicine and Allergology, Department of Medicine, Teikyo University School of Medicine, Tokyo, Japan)
2-208-P Assessment of the quality of life with respect to Response Shift for cancer patients
Ayako Matsuda (Department of Hygiene and Public Health, Teikyo University School of Medicine)

2-209-P A Public Health Nurse Activity of Hikikomori adulthood 2
Nanae Shintani (Faculty of Health Science, Naragakuen University)

2-210-P Study on the Relationship between the Support Burden and Facilities Plane in the Disabled Facilities
Chisana Kobayashi (Department of Future of Science, Tokyo Denki University)

2-211-P Relationship between care burden and facilities plane in the elderly facility
Tomoki Tsukada (Tokyo Denki University)

2-212-P Effect of a short period of rest in the afternoon on the daily living and biological rhythm
Atsuyoshi Mukai (Tokyo Denki University)

2-213-P THE INFLUENCE OF NURSE SERVICES AND FACILITIES ON THE QUALITY OF THE IMPACT ON PATIENT SATISFACTION IN HOSPITAL CLASS 1 QADR TANGERANG 2015
Susi Shorayasari (Sekolah Tinggi Ilmu Kesehatan Banten)

2-214-P The junior residents working at general hospital have the interest of research in Japan: Sequential-Exploratory-Designed Mixed-Method-Research.
Yoichiro Homma (Department of General Medicine, Seirei Hamamatsu General Hospital / Teikyo University Graduate School of Public Health)

2-215-P Understanding the biological rhythm through the body surface temperature measurement
Asahi Saizyou (Tokyo Denki University)

2-216-P Satisfaction of National Health Insurance patient: Perception on Quality of Nursing Services at Public Hospital of South Tangerang, Indonesia
Dieta Nurrika Prihatna (Sekolah Tinggi Ilmu Kesehatan Banten)

2-217-P Formal KPIs deployment processes in 12 Health Areas in Thailand
Charawan Tadadej (Faculty of Public Health, Mahidol University)

2-218-P Carboxyl-terminal tail-mediated homodimerizations of sphingomyelin synthases are responsible for efficient ER export
Yasuhiro Hayahsi (the Faculty of Pharma-Sciences, Teikyo University)

2-219-P Tubular aggregate myopathy caused by a novel mutation in the cytoplasmic domain of STIM1
Hidehiko Okuma (Department of Neurology, Teikyo University School of Medicine)

2-220-P Effects of intracellular phospholipase A1 on cell proliferation of pancreatic cancer cells.
Takorni Koizumi (Faculty of Pharma-Sciences, Teikyo University)

2-221-P A novel biomaterial for prevention of trypsin proteolysis
Masahiko Kainuma (Department of Surgery Teikyo University School of Medicine)

2-222-P Flavoprotein autofluorescence response of synthetic vowels in rat auditory cortex
Go Ogawa (Department of Physiology, Teikyo University School of Medicine)

2-223-P Correlates of recreational sports participation in Taiwan
Yao-Tsung Chang (School of Public Health, Taipei Medical University)

2-224-P Total Glutathione in Community Related to Artisanal Small-scale Gold Mining in Lebaksitu Village, Lebak Regency, Banten
Sifa Fauzia (Universitas Indonesia)

2-225-P COMPLEMENTARY FEEDING COMPOSITION AND BREASTFEEDING DURATION ASSOCIATED WITH ANTHROPOMETRIC STATUS AMONG TODDLERS WITH LOW BIRTH WEIGHT HISTORY IN OGAN ILIR, SOUTH SUMATERA
Suci Destriatania (Department of Nutrition, Faculty of Public Health dr.A.I. Muthalib, MPH Building, University Sriwijaya)

Ai-Zhen Chen (Gunma University Graduate School of Health Sciences)

2-227-P The study on the CDC’s health management service strategy
Zhen Zhong (a doctor come from the Center for Disease Control and prevention of Hubei Province. P.R.China)
2-228-P Attainment of our past 20 years’ HRD activity~ Overview of Training Course for Future Health Leaders beyond 2000 and in the 21st Century.
Takaaki KINOUE (Strategic Peace and International Affairs Research Institute of Tokai University / Tokai University School of Medicine)

2-229-P The Effectiveness International Health Aid Model in Solomon Islands
Shih-Huai Martin Hsiao (Lecturer, MPH, Director of Medical Affairs Department, Kaohsiung Medical University Hospital, Kaohsiung Medical University, Taiwan)

2-230-P Effect of public health education on an attitude toward social issues among medical students
Ichiro Nakazato (Teikyo Medical Student Journal Club)

2-231-P Factors associated with an attempt of learning English language among medical students
Tomohiro Kikuyama (Teikyo Medical Student Journal Club)

2-232-P The effect of patient age on coronary artery lesions associated with Kawasaki disease based on a 16-year cohort of consecutive cases identified by complete enumeration surveys in Wakayama, Japan
Naomi Kitano (Research Center for Community Medicine, Wakayama Medical University, Wakayama, Japan)

2-233-P Prevalence and risk factors for cervical HPV infection among women with cytological abnormalities
Eliza Wong (The Jockey Club School of Public Health and Primary Care Faculty of Medicine The Chinese University of Hong Kong / Department of Microbiology Faculty of Medicine The Chinese University of Hong Kong)

2-234-P Serotype distribution and antimicrobial resistance of Streptococcus pneumoniae isolated from a university hospital in Japan
Mitsuyo Kawaguchiya (Department of Hygiene, Sapporo Medical University)

2-235-P Evaluation of non-therapeutic antineoplastic drugs exposure among healthcare workers in a public hospital in Malaysia
Victor CW Hoe (Centre for Occupational and Environmental Health-UM, Dept of Social & Preventive Medicine, Faculty of Medicine, University of Malaya, Kuala Lumpur, Malaysia / Julius Centre University of Malaya, Dept. of Social & Preventive Medicine, Faculty of Medicine, University of Malaya, Kuala Lumpur, Malaysia)
Day 3: September 19 (Mon.)

September 19 (Mon.) 9:00-11:00 Main Building 2F Main Hall

Symposium 9
Developing communities resilient against disasters and public health response

Chairs: Yasuhiro Kanatani (National Institute of Public Health)
Yasuhide Nakamura (Osaka University)

9-1-S  The Right Start: Introduction to public health and the medical response to disasters in Japan (Theory and practical methodology)
Yasuhiro Kanatani (National Institute of Public Health)

9-2-S  Public health activities of Japan DMAT after disaster
Miho Tsuruwa (National Disaster Medical Center)

9-3-S  Sendai Framework and Bangkok Principle to make a healthy resilient community
Shinichi Egawa (Tohoku University)

9-4-S  Disaster reconstruction and development for mothers and their children
Yasuhide Nakamura (Osaka University)

9-5-S  Perspectives on the future disaster preparedness in material and child health field in Asia countries
Honami Yoshida (National Institute of Public Health)

September 19 (Mon.) 9:00-11:00 University Building 2F Room208

Symposium 10
Borderless Environmental health: Air pollution in Asia

Chairs: Furong Deng (Peking University)
Kunio Hara (Teikyo University)

10-1-S  Identification of factors causing reduction in atmospheric particulate matter in Tokyo: Regulation, renovation or recession?
Kunio Hara (Teikyo University)

10-2-S  Contribution of Diesel Exhaust Emission Reduction to the Improvement of Air Pollution in Japan
Kazutoshi Mori (Teikyo University)

10-3-S  Balancing air pollution and environmental problems with economic development
Wei Huang (Peking University)

10-4-S  Air pollution and population health in Thailand
Surasak Taneepanichskul (Chulalongkorn University)

10-5-S  Need for cooperation to solve the causes of air pollution in Asia
Bryany Titi Santi (Atma Jaya School of Medicine)
Symposium 11
Decent work: reaching the vulnerable population in the working place

Chairs: Prayoon Fongsatitkul (Mahidol University)
Shinobu Tsurugano (University of Electro - Communications)

11-1-S  Decent work as a global agenda to improve workers’ health
Akiko Taguchi (International Labour Organization Office for Japan)

11-2-S  Workers with precarious employment in Japan
Mariko Nishikitani (Kyushu University)

11-3-S  Occupational Health and Safety of the Informal Mining, Transport and Agriculture Sectors in the Philippines
Vivien Fe Fabula Fadrilan-Camacho (University of the Philippines, Manila)

11-4-S  Decent work: reaching the vulnerable population in the working place - findings from occupational health researches and work in Malaysia.
Victor Hoe (University of Malaya)

Oral Session 18 : Maternal and Child Health/Womens Health 2

Chairs: Augustin Kusumayati (University of Indonesia)
Marika Nomura (National Institute of Public Health, Japan)

18-1-O  An impact of maternal anemia on exclusive breastfeeding practice
Saki Horie (Teikyo University Graduate School of Public Health / National Institute of Health and Nutrition)

18-2-O  Impact of atmospheric particulate matter at different period of gestation on Preterm Birth: a Meta-analysis
Renjie Feng (School of Public Health, Wuhan University)

18-3-O  Reasons and risks of non-institutional delivery among women in India: will incentives reduce life threatening risks facing women and children?
Hemkhothang Lhungdim (Department of Public Health, International Institute for Population Sciences (IIPS))

18-4-O  DETERMINANTS OF EARLY INITIATION OF BREASTFEEDING: SYSTEMATIC REVIEW
Husnul Khatimah (Faculty of Public Health, University of Indonesia)

18-5-O  Evaluation of the Relationship between Androgen and weight gain in Women Taking LD Contraceptive Pills
Zahra Yazdanpanahi (Shiraz University of medical sciences, Nursing and Midwifery School)

18-6-O  APPLICATION OF INFORMATION-MOTIVATION-BEHAVIORAL SKILL (IMB) MODEL TO PREDICT COLLEGE STUDENTS’ SEXUAL BEHAVIOR IN WEST JAVA
Indah Amelia (Department of Public Health, Faculty of Medicine Universitas Padjadjaran)

Oral Session 19 : Young reseracher's and students' session 2

Chairs: Mazhah Dahlui (University of Malaya)
Asuka Nemoto (Teikyo University)

19-1-O  Association between parenting styles and mental health among Chinese college students
Zhuochen Li (school of public health, Wuhan University)
19-2-O  The cold and heat effects on the hospital admissions for intracerebral hemorrhage in South Korea
Jinsun Kim (Korea University Graduate School of Public Health / Department of Preventive Medicine, College of Medicine, Korea University)

19-3-O  Spatial distribution of heavy metals in an adjoining location of organic and modified paddy cultivation
Wiyada Nilkarnjanakul (Department of Environmental Health Sciences, Faculty of Public Health, Mahidol University)

19-4-O  Effects of physical activity, fruit/vegetable intake on well-being and depression among Chinese obese schoolchildren
Hongjie Yu (School of public health, Wuhan University)

19-5-O  Prevalence of depression among university students in Malaysia: The socio-demographic, psychosocial and health correlates.
Md. Ashraful Islam (Research Management Centre (RMC), Faculty of Medicine, University of Malaya)

19-6-O  Socio-economic predictors of health and environmental co-benefit behaviours: a cross-sectional study in Hong Kong community
Emily Ying Yang Chan (CCOUC for Disaster and Medical Humanitarian Response, The Jockey Club School of Public Health and Primary Care, The Chinese University of Hong Kong)

September 19 (Mon.) 9:30-10:30  University Building 2F Room210

Oral Session 20 : Education for Public Health Professionals
Chairs: Indika Karunathilake (University of Colombo)
Kyoko Nomura (Teikyo University)

20-1-O  Having a research mentor is a useful tool for young and mid-career physician-researchers to publish original papers
Shinichi Takenoshita (Department of Hygiene and Public Health, School of Medicine, Teikyo University)

20-2-O  Perception of Health Profession Students on Interprofessionalism Education
Assica Permata Amalya (Faculty of Medicine, Universitas Padjadjaran, Bandung, Indonesia)

20-3-O  Challenges for Implementation Research Training; a case study from Sri Lanka
Kalana Prasanka Madarasinghe (Department of Community Medicine, Rajarata University of Sri Lanka)

20-4-O  Classrooms Without Walls: Distance Learning Innovations in Public Health Education
Elahe Nezami (Keck School of Medicine of the University of Southern California, Los Angeles, California)
