

18<sup>th</sup> APAGE Pre-congress Course 3  
Laparoscopic Sacral Colopopexy  
Didactic / Hands-On

Course Director: Masayoshi Nomura (Japan)

Tutor: Masao Ichikawa (Japan), Keiko Ebisawa (Japan)

This course provides lectures and hands-on training related to Laparoscopic Sacral Colopopexy (LSC). LSC experts will share several useful tips with you and instruct you in dissecting the presacral cavity and stitching the mesh using LSC model in a dry box. You will be able to master the LSC procedure if you join us.

Let's have fun learning LSC!

**LEARNING OBJECTIVES:**

1. Understand LSC method
2. Learn how to perform LSC
3. Use this skill from tomorrow
