Room A Room B Room C Room D Room E	Nagasaki Brick Hall	1F	Main Hall		2-SL-04 Special Lecture 4 Takao Shimizu Chair: Masayoshi Mishina	2-SL-05 Special Lecture 5 Hiroshi Takayanagi Chair: Atsushi Kawakami			2-EAL The 10th Ebashi Setsuro Award Lecture Yuji Ikegaya Chair: Hiroshi Iwao	2-PL Plenary Lecture Kazutoshi Mori Chair: Hiroshi Ueda	2-SL-06 Special Lecture 6 Masashi Yanagisawa Chair: Norio Matsuki	2-YAL The 32nd Encouragement of Young Investigator Award Lecture Kazunori Kanemaru, Takuya Sasaki, Norifumi Shioda Chair: Hitoshi Hashimoto			
		3F	International conference Hall		2-O-01~05 Neuropathic pain Mitsuo Tanabe Yoshinori Hayashi	2-S-08 Symposium 8 Innovative drug development approaches which develop from the molecular identification of transporters Yoshikatsu Kanai, Yukio Kato	LS-7 Co-Sponsor: Wako Pure Chemical Industries, Ltd. Chair: Minoru Narita			New Honorary Member Ceremony	2-YIA-01~05 Pain Yoshihiro Nakata Shiroh Kishioka	2-S-12 Symposium 12 New tide of pharmacological research of iPSC cells differentiation and disease specific iPSC cell therapeutics Naoko Kuzumaki, Kyoko Miura			
		2F	Rehearsal Room		2-O-06~10 Cardiovascular disorder Koji Nobe Katsutoshi Yayama	2-S-09 Symposium 9 Targeting bioactive lipids for development of innovative drugs Masataka Majima, Tomoyuki Furuyashiki	LS-8 Co-Sponsor: Eisai Co., Ltd. Chair: Jun Ishigooka				2-O-32~36 Opioid, GPCR Kazutaka Ikeda Shogo Tokuyama	2-S-13 Symposium 13 Search for novel physiological/ pharmacological actions of n-3 fatty acids and its future prospect Shogo Tokuyama, Shigenobu Shibata			
		3F	Meeting Room 1 • 2 • 3		2-O-11~15 Depression, Anxiety Katsunori Iwasaki Ryuta Koyama	2-S-10 Symposium 10 Selective Cell Death in the Central Nervous System: Toward Elucidation of the Mechanisms and Establishment of Therapeutics Hiroshi Katsuki, Hidemi Misawa	LS-9 Co-Sponsor: Bruker Daltonics K.K. Chair: Shigeru Sakamoto				2-O-37~41 Methodology, Drug development Takayuki Tsukuba Toshiyasu Sasaoka	2-S-14 Symposium 14 A new evaluation system of autonomic nervous balance in pathophysiological and pharmacological studies Nobuyuki Yanagihara, Taizo Kita			
		3F	Meeting Room 4 • 5	Break Room											
Room F Room G Room H Room I	Nagasaki Astopia	2F	SHOUKAKU Hall (East)	2-EW-01 Early morning workshop 1 Perspectives on investigations of chronic dysfunction based on recent novel findings for ion channels Jun Yamazaki Susumu Ohya	2-NS-01~04 Nano Symposium 3 Nervous system 2 Masabumi Minami Akinori Nishi	2-JSP Joint Symposium with the Physiological Society of Japan Advanced molecular biological research in pain, itch and dysesthesia Makoto Tominaga, Atsufumi Kawabata	LS-10 Co-Sponsor: Toray Industries, Inc. Chair: Yasushi Kuraishi				2-O-42~46 Glutamic acid Katsuyuki Kaneda Hideo Kimura	2-YS-02 Young Scientists Symposium 2 Molecular functions of Ca ²⁺ -related ion channels in cardiovascular diseases Hisao Yamamura, Takuro Numaga-Tomita			Banquet (19:00~20:30) Venue: Hotel New Nagasaki * The Shuttle Bus will be provided from Nagasaki Brick Hall to the Banquet Venue (payment required). The boarding time is 17:50 p.m. Please refer to page 8 *Floor Plan* for boarding location.
		2F	SHOUKAKU Hall (West)	2-EW-02 Early morning workshop 2 Frontier of glaucoma research; the latest molecular pathogenesis and strategies Schuichi Koizumi	2-O-16~20 Neuronal cell, Signal transduction Jun Aruga Yukihiko Noda	2-S-11 Symposium 11 Pleiotropic properties of incretin GLP-1 and its merits and demerits Tsuayoshi Shuto, Masashi Tanaka	LS-11 Co-Sponsor: NIPRO CORPORATION Chair: Hirofumi Kai				2-YIA-06~10 Nervous system Tomoyuki Furuyashiki Hiroshi Katsuki	2-S-15 Symposium 15 Recent advances in understanding PACAP signaling: New insight into the physiological/pathophysiological roles of PACAP in central and peripheral tissues Yukio Ago, Yuki Kanbe			
		3F	SHINJYU Hall	2-EW-03 Early morning workshop 3 Development of antitumor drug screening based on the stress responses to tumor microenvironment Shuhei Tomita Hideo Nagasawa	2-O-21~25 Immune system, Inflammation, Allergy 2 Yoichiro Isohama Takeshi Nabe	2-JSM Joint Symposium with the Japanese Medical Science Federation Drug discovery for mitochondrial diseases - Turning point in a new era Takaaki Abe, Naohiko Anzai	LS-12 Co-Sponsor: Taisho Pharmaceutical Co., Ltd./ Taisho Toyama Pharmaceutical Co., Ltd. Chair: Kiyofumi Yamada				2-YIA-11~14 Kidney Hiroyuki Sakurai Tomoe Fujita	2-S-16 Symposium 16 Targeting bioactive lipids for development of innovative drugs Chihiro Yabe, Koichiro Wada			
		3F	SANGO Hall	2-EW-04 Early morning workshop 4 Various functions of Shati/Nat8l-Brain, Pain and Metabolism Atsumi Nitta	2-NS-05~09 Nano Symposium 4 Organ system Noriyasu Hirasawa Toshiaki Tamaki	2-JSC Joint Symposium with the Japanese Society of Clinical Pharmacology and Therapeutics Topics of Basic and Clinical Pharmacology Novel Mechanisms of Blood Sugar Control and Milestones in Precision Medicine Shinichiro Ueda, Noriyoshi Teramoto	LS-13 Diversity Promotion Symposium (Luncheon Seminar) Chair: Kumiko Ishige				2-YIA-15~18 Endocrine, Metabolism Noriyoshi Teramoto Koichiro Tsuchiya				
Room J	Nagasaki Brick Hall	2F	Practice Room 1	2-O-26~31 Cardiovascular system Narumi Hashikawa Kazunao Kondo							2-O-47~51 Arrhythmia, Channel Atsushi Sugiyama Naoki Matsumoto	2-S-17 Symposium 17 Pharmacological research for creating "First-in-class medicine" originated from Japan Hisaharu Yamada, Hideo Fukui
