

O James Garden

Clinical Surgery, University of Edinburgh, Edinburgh, UK

Overseas Honorary Members Commendation Ceremony

June 14 (Fri.) 12:00-12:15 Room 1 (Hall Bldg. 3F, Main Hall)

OHM-1 Professionalism in HPB surgery - a personal perspective

Professor James Garden is Professor Emeritus, Director of Edinburgh Surgery Online, Dean International, Global Community and was formerly Regius Professor of Clinical Surgery and Head of the School of Clinical Sciences at the University of Edinburgh. He graduated from the University of Edinburgh Medical School and undertook his postgraduate training in Glasgow, Edinburgh and Paris in hepatobiliary, pancreatic and liver transplantation surgery. He led the establishment of the hepatobiliary programme and the Scottish Liver Transplant Unit in Edinburgh and undertook the first successful liver transplant in Scotland over 25 years ago. He has published extensively in his field and is a former Editor-in-Chief of HPB, the official journal of the International Hepato-Pancreato-Biliary Association of which association he is a past President. He was Chairman of the 7th IHPBA World Congress held in Edinburgh in 2006.

He established an innovative online masters programme in surgical sciences in 2007 to support the professional and academic development of training surgeons. This MSc in Surgical Sciences and six other masters programmes form part of Edinburgh Surgery Online and have recruited over 1500 trainees from 70 countries over the last 12 years. He was awarded the University's Chancellor's Award for Teaching by the Duke of Edinburgh in 2010 and the programme was awarded the Queen's Anniversary Prize for Higher and Further Education in 2014. He is Chairman of the British Journal of Surgery Society Ltd, Vice President of the James IV Association of Surgeons and a Past President of the Association of Upper GI Surgeons of Great Britain and Ireland. He is an honorary member of several international associations including the American Surgical Association. He is a Fellow of the Royal Society of Edinburgh and is Vice Chairman of Edinburgh World Heritage Trust. He was Surgeon to the Queen in Scotland from 2004-2018 and was made Commander of the British Empire in the Queen's New Year Honours list in 2014.

Meet the Expert

June 15 (Sat.) 12:50-13:50 Room 4 (Tower Bldg. 6F, Kagawa International Conference Hall)

ME-3 Robotic hepatectomy: tips for anatomical resection

Dr. Gi Hong Choi earned his medical degree from the Yonsei University College of Medicine, Seoul, Korea in 1998. After he undertook internship, residency and fellowship at the same hospital, he started his academic career in 2008 as a full-time faculty instructor. Since Mar. 2019, he is a professor in the Division of Hepatopancreatobiliary Surgery, the Department of Surgery, Yonsei University College of Medicine. Throughout his academic career, Dr. Choi focused on surgical treatment of primary and metastatic liver cancer, hilar cholangiocarcinoma and living donor hepatectomy. Especially, he was interested in minimally invasive liver surgery including laparoscopy and robotic surgery. Now, he has performed the largest number of robotic liver resections in Korea. He has published approximately 80 publications in international peer-reviewed scientific journals. He also wrote about robotic liver resection in two books

EDUCATION

1992-1998	Yonsei University College of Medicine, Seoul, Korea
2006-2008	Master Degree, Graduate School, Yonsei University
2009-2013	Doctoral Degree, Graduate School, Yonsei University

WORK EXPERIENCE

1998-1999	Rotating Internship, Severance Hospital, Yonsei University College of Medicine
1999-2002	Residency of Department of Surgery, Severance Hospital, Yonsei University College of Medicine
2006-2007	Clinical and research fellowship, Department of Surgery, Severance Hospital, Yonsei University College of Medicine
2008-2009	Full-time Faculty Instructor Department of Surgery, Severance Hospital, Yonsei University College of Medicine
2009- 2013	Assistant Professor Department of Surgery, Severance Hospital, Yonsei University College of Medicine
2014. 9-2015.9	Visiting associate professor, University of California, San Francisco, USA.
2014. 3-2019.2	Associate Professor Department of Surgery, Severance Hospital, Yonsei University College of Medicine
2019. 3-	Professor Department of Surgery, Severance Hospital, Yonsei University College of Medicine

LICENSE AND CERTIFICATIONS

Licensed to Practice Medicine in Korea, 1998. #63958
Korean Board of General Surgery, 2003. #5176

RESEARCH INTERESTS

Minimally invasive liver resection (laparoscopic and robotic surgery)
Surgical treatment for primary and metastatic liver cancer
Liver transplantation for hepatocellular carcinoma

MEMBERSHIPS

Member of The Interanational Hepato-Pancreatico-Biliary Association
Member of The Clinical Robotic Surgery Association
Member of The Korean Association of Surgical Society
Member of The Korean Association of Hepato-Biliary-Pancreatic Surgery
Member of The Korean Association of the Study of Liver
Member of The Korean Liver Cancer Study Group
Member of The Korean Society for Transplantation

EXPERIENCE OF CLINICAL TRIALS

A Phase III randomized, double-blind, placebo-controlled study of sorafenib as adjuvant treatment for hepatocellular carcinoma after surgical resection or local ablation (BAY 43-9006/Study No. 12414)
A prospective, randomized, double-blind, placebo controlled, parallel-group, international multicenter Phase III trial of PI-88 in the adjuvant treatment of subjects with hepatitis virus related Hepatocellular Carcinoma after surgical resection (PATRON) - 4-2011-0795

Dong Wook Choi

Department of Surgery, Sumsung Medical Center, Sungkyunkwan University, Seoul, Korea

Symposium 3: Highly advanced biliary surgery – warranty of good safety

June 15 (Sat.) 8:00-9:30 Room 2 (Hall Bldg. 4F, Small Hall 1)

SY3-1 Preoperative Biliary Drainage(PBD) for Hilar Cholangiocarcinoma: Japanese Perspective vs Western Perspective

EDUCATION

- 1974.3–1980.2: MD degree, College of Medicine, Seoul National University
1981.3–1982.2: Master's degree, College of Medicine, Seoul National University
1983.3–1990.2: Ph.D. degree, College of Medicine, Seoul National University

CAREER

- 1988.5- 2005.4: Chief for HBP surgery section, Korea Cancer Center Hospital
1991.8 - 1992.2 : Visiting fellow at Pittsburgh University, Pittsburgh, USA
1995.10 - 1995.11 : Visiting fellow at Kyoto University, Kyoto, Japan
2005.5-: Professor of Surgery, Samsung Medical Center(SMC), Sungkyunkwan University School of Medicine
2005.9-2015.4: Director for pancreatobiliary cancer center of SMC
2008.3-2010.3: President for Korean Pancreas Surgery Club
2011.4-2013.4: President for Korean Association of HBP Surgery
2012.8-2014.3: Chairman for Scientific Committee of 11th World Congress of International Hepato-Pancreato-Biliary Association, Seoul 2014
2013.7-2015.4: Director for GI Surgery Division, Dept. of Surgery, SMC
2015.4-: 2018.4: Chairman for Dept. of Surgery, SMC, Sungkyunkwan University School of Medicine
2016.2-2017.2: President for Korean Society of Surgical Oncology
2017.6-: President for Asia-Pacific Hepato-Pancreato-Biliary Association

Marco Del Chiaro

University of Colorado School of Medicine, USA

Panel Discussion 2: Best strategy for UR-LA pancreas cancer

June 14 (Fri.) 15:00-16:30 Room 4 (Tower Bldg. 6F, Kagawa International Conference Hall)

PD2-1 Surgical Treatment of BR/LAPC

Marco Del Chiaro, MD, PhD, FACS is the Division Chief of Surgical Oncology, Director of the Hepato-Pancreato-Biliary program, and Professor of Surgery at the University Of Colorado School Of Medicine. He came from the Karolinska Institutet in Stockholm, Sweden, where he was the Head of the Pancreatic Surgery Unit from August of 2018.

Dr. Del Chiaro studied in Italy where he received his medical degree at University of Pisa in 1997. During this time, he completed his surgical residency program in 2003 and his PhD in 2010.

As an International recognized leader in the field of pancreatic surgery and pancreatic diseases, he has been an invited speaker at conferences around the world. Dr. Del Chiaro's major area of research interest are in the area of pancreatic cancer and cystic tumors of the pancreas. He founded the European Study Group on Cystic Tumors of the Pancreas in 2011 and organized the European Evidence Based Guidelines for Cystic Tumors of the Pancreas. He is also the founder of the Italian Registry for Familial Pancreatic Cancer and of the Young Pancreatologist Platform in Europe.

Dr. Del Chiaro is a well-known surgeon for the treatment of locally advanced pancreatic cancer. He has received several research grants for clinical and translational research in pancreatic diseases. As a pioneer in developing new diagnostic modality for cystic tumors, he has written of pancreatic specialty areas such as metabolomics and bacterial DNA analysis.

Having served on the editorial boards of several journals in the field of surgery, Dr. Del Chiaro has authored or co-authored more than 140 peer reviewed scientific papers and authors of books and book's chapters. He is currently on the board of several scientific societies, including American College of Surgeons (ACS), United European Gastroenterology (UEG), European Pancreatic Club (EPC), and the International Association of Pancreatology (IAP).

Eduardo Fernandes

Requested Video 6: Transplantation

June 13 (Thu.) 17:30-18:30 Room 6 (Hall Bldg. 5F, Conference Room 54)

RV6-1 Liver transplantation for complex portal vein thrombosis

- Professor of Surgery - Rio de Janeiro Federal University
- Surgical Director of Rio de Janeiro Adventist Hospital Transplant Program
- Surgical Director of Department of Surgery and Abdominal Organs Transplantation - São Lucas Hospital – Copacabana – Rio de Janeiro

Professor Eduardo Fernandes was graduate in Teresópolis medical school in 2000 and underwent his general surgery residency at Rio de Janeiro Adventist Hospital until 2003. After that he started HPB training at Rio de Janeiro Federal University and fellowship in Liver and Intestinal transplantation at Nebraska University –EUA until 2005 and fellowship in Liver Surgery and Transplantation at Chang Gung Memorial Hospital – Taiwan.

His main interest is HPB surgery and transplantation including major operations with vascular reconstructions, living donor liver transplantation, hilar cholangiocarcinoma and pancreatoduodenectomy.

Prof Fernandes is the leader of the largest liver transplant team in south America doing over 200 liver transplants and 150 HPB procedures per year.

Debate 2: Laparoscopic PD vs. Robotic PD

June 13 (Thu.) 16:45-17:25 Room 4 (Tower Bldg. 6F, Kagawa International Conference Hall)

D2-1 Robotic PD

Meet the Expert

June 15 (Sat.) 12:50-13:50 Room 4 (Tower Bldg. 6F, Kagawa International Conference Hall)

ME-1 Mentorship and Formal Robotic Proficiency Skills Curriculum Improve Subsequent Generations' Learning Curve for the Robotic Pancreatoduodenectomy

She did her medical school and residency training at Northwestern University in Chicago, IL, and her fellowship and masters training in Medical Education and Clinical Research at the University of Pittsburgh, PA where she also had her first faculty appointment. She is faculty of the University of Chicago Pritzker School of Medicine and serves as Associate Program Director of the General Surgery Residency.

Dr. Hogg's clinical practice specializes in abdominal cancers and has a focus in minimally invasive gastrointestinal surgery and performs robotic hepatobiliary surgery. In addition, Dr. Hogg develops programs in patient-centered outcomes research, comparative effective and cost analysis in minimally invasive and cancer surgery. Additionally, she has developed medical education programs centered on a proficiency-based robotic curriculum for fellows, residents, and additional surgeons looking to acquire skills utilizing the robotic platform and techniques. Her work aims to link how technical training and surgical education can improve patient outcomes using proficiency-based curriculums and surgical coaching.

Dr. Hogg is the author of >100 peer-reviewed publication and book chapters. She is the Associate Editor for Journal of Surgical Oncology and has co-edited a book of Robotic Pancreatic Surgery. She serves on numerous committees for the Association of Academic Surgery (AAS), the Society of Surgical Oncology (SSO), the American Hepato-Pancreato-Biliary Association (AHPBA), Society of Gastrointestinal and Endoscopic Surgery Association (SAGES), and the Fellowship Council and is a member of the Society of University Surgeons (SUS), Association of Women Surgeons (AWS), Pancreas Club, Academy of Surgical Education, Fellow of the American College of Surgeons, and Society of the Alimentary Track.

BRIEF DESCRIPTION

Dr. Tsann-Long Hwang is an attending faculty and surgeon in general surgery in Chang Gung Memorial Hospital in Linkou, Taiwan, where he is also the director of the Pancreatic Cancer Team, and Chairman of the Committee of Enteral and Parenteral Nutrition. He is also a professor of surgery in the Chang Gung University, College of Medicine, in Taiwan. Professor Hwang got International Visiting Professorship Award of the Association of Academic Surgery in 2009. He has published more than 300 papers in peer-reviewed journals. He has contributed extensively in professional activities in his areas of expertise. He is the current vice President of World ICS, and the chairman of the Pancreatic Cancer Group of the Taiwan Cooperative Oncology Group. He is the editor of the Journal of Hepato-Biliary Pancreatic Sciences, World Journal of Gastrointestinal Oncology, Asian Journal of Surgery.

PROFESSIONAL SERVICE

2018-	President of Taiwan Neuroendocrine Society
2015-2016	World Vice President of Internal College of Surgeon
2013-2015	President of International College of Surgeon, Taiwan Section

Moderator

BRIEF DESCRIPTION

Dr. Hong-Jin Kim is Professor, Emeritus of Yeungnam University Hospital in Daegu, Korea. He was the president of ELSA, Korean HBP Surgical Society, and Korean association of Endoscopic and Laparoscopic Surgery. He was a vice-president of IASGO and APASL. He was a congress vice-president of IHPBA2014 Seoul. He was a congress president for ELSA 2015, Daegu, Korea. His main interesting clinical research is focusing on laparoscopic and open liver surgery. He has published 168 peer reviewed articles. He has also written 6 books. He was an associated editor for Journal of Hepato-Gastroenterology. He is also a member of editorial board of J of Clinical Nutrition, Asian J of Endoscopic Surgery, J of Hepato-Biliary-Pancreatic Sciences, Asian J of Surgery, and Frontiers of Medicine.

PROFESSIONAL SERVICE

2018 – 2019	Advisory member, Asian Surgical Ultrasound Society
2017 – 2019	Emeritus professor, Yeungnam University Hospital

2015 – 2017	President, Asia-Pacific Endoscopic and Laparoscopic Surgical Association
2007 – 2009	President, Korean HBP Surgical Society
2014 – 2015	President, Korean Association of Endoscopic and Laparoscopic Surgery
2014 - 2016	Vice-president, IHPBA 2014 Congress
2014 -	Honorary member, Japan HBP surgical Society
2010 – 2011	Vice-president, IASGO
2008 – 2011	Associated editor, J of Hepatogastroenterology
1984 – 2017	Professor, Department of Surgery, Yeungnam University Hospital

Jong Man Kim

Department of Surgery, Samsung Medical Center, Sungkyunkwan University, School of Medicine, Seoul, Korea

Workshop 5: Optimal assessment of liver functional reserve

June 15 (Sat.) 8:00-9:30 Room 3 (Hall Bldg. 5F, Small Hall 2)

WS5-1 Optimal assessment of liver functional reserve

Brief Introduction of Yourself (in sentence)

Jong Man Kim received his MD from the Korea University in 2000, and trained in the Department of Surgery, Korea University Medical Center until 2005. From 2008 to 2011, he worked as fellow in the Transplantation Division, Department of Surgery, Samsung Medical Center, Sungkyunkwan University School of Medicine at Seoul, Korea. He studied solid organ transplantation and HCC in those periods. He completed his PhD (Korea University, 2009), which subject was immunotherapy using 4-1BB antibody against cancer. His carrier has continued in the Department of Surgery, Samsung Medical Center, Sungkyunkwan University School of Medicine until now (2019) as associate professor.

His primary clinical interests living donor liver transplantation, deceased donor liver transplantation, laparoscopic liver resection in donor or HCC patients. His focusing projects were ABO-incompatibility, HCC, humoral rejection, and immunosuppression in liver transplantation and laparoscopic liver resection. He also studied the effect of NK cell immunotherapy in HCC patients. He published approximately 180 articles related liver transplantation and/or HCC in SCE/SCIE.

Professional service (2019)

1. Member of the Scientific Committee, Korean Society of Surgery
2. Member of the Scientific Committee, Korean Society of Organ Transplantation
3. Member of the Scientific Committee, Korean Association of Liver Society
4. Vice Secretary General, Korean Liver Cancer Society
5. Member of the Scientific Committee, Korean Society of Hepato-Biliary-Pancreatic Surgery
6. Member of the Scientific Committee, AHPBA 2019
7. Member of the Scientific Committee, Liver Week 2019

Ki-Hun Kim

Division of Hepatobiliary Surgery and Liver transplantation, Department of Surgery, Asan Medical Center, Ulsan University, Seoul, Korea

Requested Video 4: Secure and reliable techniques for laparoscopic hepatectomy

June 13 (Thu.) 17:30-18:30 Room 4 (Tower Bldg. 6F, Kagawa International Conference Hall)

RV4-3 The combined use of CUSA and energy device

International Symposium of Endoscopic Surgery

June 14 (Fri.) 8:00-9:15 Room 2 (Hall Bldg. 4F, Small Hall 1)

ISY-3 Pure laparoscopic living donor hepatectomy

Dr. Ki-Hun Kim is currently a professor and chief of division of Hepatobiliary surgery and Liver transplantation at Asan Medical Center, University of Ulsan College of Medicine, Seoul, Korea. He graduated from Korea University College of Medicine in 1992 where he earned PhD degree in 2003, and completed a surgical resident training in Korea University hospital in 1998. He completed a fellowship training of Hepatobiliary surgery and Liver transplantation at Asan Medical Center in 2000. He was an instructor of Surgery at Seoul Baik Hospital, University of Inje, Korea in 2001, a visiting professor of Surgery at Kobe University Hospital, Kobe, Japan in 2006, and participated in the Multivisceral Transplantation Program as a visiting professor at Miami Transplant Institute, University of Miami, USA in 2007. He has been a faculty member of Surgery at Asan Medical Center since 2002. He was a secretary general in the international meeting for HCC 2008, IHPBA 2014, ELSA 2015, ELSA visionary summit 2017, and ISLS 2018. He is a member of ILTS, ILLS, IHPBA, AHPBA, IASGO, ELSA, EAES, KMS, KAHPBS, KSOT, KASL, KSELS, and KLTSO. He performed the first successful pure laparoscopic living donor left lateral sectionectomy for LDLT in 2008, Asia-Pacific region and multivisceral transplantation with a pediatric surgeon in 2011, Korea. Dr. Kim has more than 3,000 open hepatectomies and more than 900 laparoscopic hepatectomies including living donor hepatectomies and was the operator at live demonstration of open and laparoscopic liver resection in the international meeting for HCC 2008, IASGO 2009, 2011, 2015, ILDT 2015, ILTS 2016, ELSA visionary summit 2017, ISLS 2017, and ISLS 2018. He performed LDLT with his colleagues in France 2004, Turkey 2006, and India 2008, and open hepatectomy in USA 2007, and laparoscopic hepatectomy in India 2011, Russia 2014, Singapore 2015, and Qatar 2017. Especially, He enjoyed riding a motorbike, Harley-Davidson, but stops for family peace now. He published more than 260 scientific articles.

Wei-Chen Lee

Liver and Transplantation Surgery, Department of General Surgery, Chang Gung Memorial Hospital, Taoyuan, Taiwan

JSHBPS/APHBPA Joint Symposium: Recent trend and perspective of liver transplant

June 15 (Sat.) 14:00-15:15 Room 2 (Hall Bldg. 4F, Small Hall 1)

JAJ-3 Split liver transplantation for two adults

Brief Description:

Professor Wei-Chen Lee is Professor of General Surgery, Attending Doctor and Chief of General Surgery at Chang Gung Memorial Hospital (CGMH) in Taoyuan, Taiwan. In addition, he is Head of the Chang Gung Transplantation Institute at CGMH in Linkou, Taiwan.

Professor Lee completed his medical education at Taipei Medical University and his surgical residency at CGMH. He has since remained at CGMH, becoming an Attending Doctor in the Department of Surgery in 1994. Between 1996 and 1998, he was a Research Fellow in the Department of Transplantation at the University of Pittsburgh Medical Center, PA, USA, before progressing to his current positions.

Professor Lee's research interest lies in transplantation immunology and tumour immunology. He has been involved in over 60 research projects in Taiwan. Professor Lee speaks regularly at local and international conferences, and has published more than 150 research articles in journals such as the *Annals of Surgery*, *British Journal of Surgery* and the *American Journal of Transplantation*.

Professor Lee's expertise as a transplantation surgeon in Taiwan has allowed him to actively participate in professional societies. He is an active member of the Surgical Association of the Republic of China, the American and International Society of Transplantation, and the International Society of Liver Transplantation. Furthermore, he was the former president of Transplantation Society of Taiwan.

Positions and Employment:

| 4. Chair of The Transplantation Society of Taiwan | 2014-2017 |
| 5. Chief, Department of General Surgery, Chang Gung Memorial Hospital. | 2016-till now |

Woo-Jung Lee

Yonsei University Health System, Seoul, Korea

Debate 2: Laparoscopic PD vs. Robotic PD

June 13 (Thu.) 16:45-17:25 Room 4 (Tower Bldg. 6F, Kagawa International Conference Hall)

Moderator

Requested Video 7: Advanced laproscopic and robotic HBP surgery

June 14 (Fri.) 9:20-10:20 Room 1 (Hall Bldg. 3F, Main Hall)

Moderator

BRIEF DESCRIPTION

Dr. Lee have graduated Yonsei University College of Medicine in 1982 and got a surgical residence training at Severance Hospital of same medical college (1983-1987).

Dr. Lee have become a faculty member of Surgical department of Yonsei University College of Medicine since 1993 and became a Professor 2006.

During 1997-1999 Dr. Lee have visited US(Vanderbilt medical center and Kyoto Medical School) as a research fellow of surgical science.

His major subspecialty is Hepato-Bilio-Pancreatic surgery and Minimally invasive surgery including Robotic surgery. Dr. Lee's main work is about the surgery for Pancreas cancer, GB cancer, and Minimally invasive surgery including adrenal gland surgery. Since 2005 Severance hospital started da Vinci Robotic surgery and Dr. Lee have performed the first robotic operation in Korea. During 10 year Severance hospital performed more than 12000 robotic operations. Dr. Lee have worked as a director of Robotic/minimally invasive Surgery center of Severance hospital for 4 years(2005-2009). . Since 7 years ago Dr. Lee have worked with a Korean company for developing Korean system of robotic laparoscopic surgery and other instruments including single port surgery.

PROFESSIONAL SERVICE

Dr. Lee has worked as a Chair of board of Korean Society of Laparoscopic Surgery(2012-2014) and a President of Korean Robotic Medical Association(2013-2014) and has worked as a President of Korean Association of HBP surgery(2015-2016).

Hyeon Kook Lee

Department of Surgery, Ewha Womans University, Seoul, Korea

Requested Video 1: Case video presentation of extremely advanced HBP surgery

June 13 (Thu.) 17:30-18:30 Room 1 (Hall Bldg. 3F, Main Hall)

Commentator

BRIEF DESCRIPTION

Dr Hyeon Kook Lee graduated from Seoul National University College of Medicine in 1991. After that, he finished the resident training (1992-1996) and fellowship (1999-2001) at Department of Surgery in Seoul National University Hospital. He worked as a Visiting Surgeon in Surgical Oncology Division, Department of Surgery, Mount Sinai Hospital, New York, from 2009 to 2010. He is currently Professor, working at Department of Surgery, Ewha Womans University since 2002. His research interests include surgery for hepato-biliary-pancreas disease and surgical oncology.

PROFESSION SERVICE

- 2015-2017, Director of the Planning Board, Korean Association of HBP Surgery
- 2017-2019, Director of the Informatics Board, Korean Association of HBP Surgery
- 2019 Chair, Communication Committee Local Organizing Committee of A-PHPBA 2019

Wenhui Lou

Department of Pancreatic Surgery, Zhongshan Hospital, Fudan University, Shanghai, China

Panel Discussion 2: Best strategy for UR-LA pancreas cancer

June 14 (Fri.) 15:00-16:30 Room 4 (Tower Bldg. 6F, Kagawa International Conference Hall)

PD2-2 Consolidative chemoradiotherapy after induced chemotherapy is an optimal regimen for locally advanced pancreatic cancer

Video Symposium 4: Prevention and troubleshooting for serious technical complications in laparoscopic HBP surgery

June 15 (Sat.) 8:00-9:30 Room 1 (Hall Bldg. 3F, Main Hall)

Moderator

Dr Wenhui Lou graduated from Shanghai Medical University in 1992 as Bachelor of Medicine, he obtained his M.D degree in 1999. He is now the chair of Department of Pancreatic Surgery. His primary clinical interests including the treatment and clinical study in pancreatic cancer, pancreatic cystic tumor and neuroendocrine neoplasms. He also did a lot work in precision diagnosis of pancreatic cancer via ctDNA analysis. His team perform about 450 pancreatic surgery annually, and he has published more than 70 papers in international academic magazine.

Professional Service

- (1) July 1992-May 1995: Resident, Department of Surgery, Zhongshan Hospital, Shanghai Medical University
- (2) June 1995-May 1996: Chief Resident, Department of Surgery, Zhongshan Hospital, Shanghai Medical University.
- (3) June 1996-Oct. 2001: Attending Surgeon, Department of Surgery, Zhongshan Hospital, Shanghai Medical University
- (4) Nov. 2001- Nov 2009: Associate Professor, Department of Surgery, Zhongshan Hospital, Fudan University
- (5) Nov 2009-Now: Professor of Surgery, Department of Surgery, Zhongshan Hospital, Fudan University
- (6) May 2011-Now: Vice-Chair, Department of Surgery, Zhongshan Hospital, Fudan University
- (7) June 2012-Now: Chair, Department of Pancreatic Surgery, Zhongshan Hospital, Fudan University
- (8) May 2011-Now: Director, Surgical Lab, Zhongshan Hospital, Fudan University

Academic Societies

- (1) Fellow, National Surgical Committee of China.
- (2) Fellow of Chinese College of Surgeon
- (3) Vice-Chair, Chinese Society of Pancreatology
- (4) Vice Chair, Chinese Neuroendocrine Society
- (5) Chair, Shanghai Surgical Association
- (6) Vice-Chair, National Pancreatic Surgical Association of China
- (7) Member of Editorial Board, 《Journal of Digestive Disease》
- (8) Member of Editorial Board, 《Annual of Surgery》 (Chinese Version)

Joon Seong Park

Department of Surgery, Gangnam Severance Hospital, Yonsei University Health System, Seoul, Korea

Workshop 4: Recent results from multicenter collaborative study in HBP

June 14 (Fri.) 15:00-16:30 Room 3 (Hall Bldg. 5F, Small Hall 2)

WS4-4 A Guide on Organizing a Multicenter Clinical Trial

Education:

2007 - 2011 Yonsei University (Ph.D)

2001 - 2006 Yonsei University (Master)

1991 - 1997 Yonsei University College of Medicine (M.D)

Representative Careers:

2017 - Present, Professor of Surgery, Gangnam Severance Hospital, Yonsei University

2012 - 2016, Associate Professor of Surgery, Gangnam Severance Hospital, Yonsei University

2012 - 2014, Visiting Professor, Pancreas Cancer Research, Department of Surgery
University of Minnesota, MN, USA

2007 - 2011, Assistant Professor of Surgery, Gangnam Severance Hospital, Yonsei University

2005 - 2006, Clinical Fellow, Hepatobiliary Pancreas surgery, Gangnam Severance Hospital

Specialty & Present Interest:

As an oncological surgeon-scientist, I was trained in Cancer Biology for studying pancreatic cancer. Based on more than 15 years of clinical experience in treating pancreatic cancer patients, now I am developing molecular diagnostic which is clinically useable to identify distinct prognostic and predict subgroups to particular treatment in pancreatic cancer. The clinically relevant prognostic markers as well as valid targets for novel therapeutics. To this end, I have been collaborating with a number of researchers in diverse disciplines. This trans-disciplinary approach utilizes patients-derived resources to accurately model human cancer molecular pathophysiology to bridge the preclinical and clinic.

Representative papers (up to 5):

1. Protective effect of Korean red ginseng on oxaliplatin-mediated splenomegaly in colon cancer. Kang J, Park JS, Ahn SG, Lim JH, Baik SH, Yoon DS, Lee KY, Jeong J. Ann Surg Treat Res. 2018 Sep;95(3):161-167. doi: 10.4174/ astr.2018.95.3.161. Epub 2018 Aug 31.
2. Establishing a colorectal cancer liver metastasis patient-derived tumor xenograft model for the evaluation of personalized chemotherapy. Jung J, Kim J, Lim HK, Kim KM, Lee YS, Park JS, Yoon DS. Ann Surg Treat Res. 2017 Oct;93(4):173-180. doi: 10.4174/ astr.2017.93.4.173. Epub 2017 Sep 28.
3. Prediction of pancreatic fistula after pancreatoduodenectomy by preoperative dynamic CT and fecal elastase-1 levels. Kang JH, Park JS, Yu JS, Chung JJ, Kim JH, Cho ES, Yoon DS. PLoS One. 2017 May 11;12(5):e0177052. doi: 10.1371/ journal.pone.01
4. Correlation of Early Recurrence With In Vitro Adenosine Triphosphate Based Chemotherapy Response Assay in Pancreas Cancer With Postoperative Gemcitabine Chemotherapy. Park JS, Kim JK, Yoon DS. J Clin Lab Anal. 2016 Nov;30(6):804-810. doi: 10.1002/ jcla.21940. Epub 2016 Mar 17.

Mini-Symposium 4: Current status and perspective of pancreatic transplantation

June 14 (Fri.) 13:25-14:25 Room 5 (Hall Bldg. 6F, Conference Room 61)

MSY4-2 A comparative study of pancreas transplantation for type 2 and 1 diabetes mellitus

Brief Description

Prof. Yi-Ming Shyr was graduated from National Yang Ming University in 1984, and completed his surgical residency at Taipei Veterans General Hospital from 1986 to 2001. He is currently working as a professor and attending surgeon in the division of General Surgery, Taipei Veterans General Hospital. His major interests include pancreas surgery and transplant. His team is very actively involved in minimal invasive surgery, especially robotic Whipple operation and pancreas transplant.

Academic, Hospital and Association Appointments

2000-8-1 – present: Professor of Surgery, National Yang Ming University

2019-1-15 – present: Attending surgeon, Division of General Surgery, Department of Surgery, Taipei Veterans General Hospital

2012-1-16 – 2019-1-15: Chief, Division of General Surgery, Department of Surgery
Taipei Veterans General Hospital

1996 – 2000: Associate professor of Surgery, National Yang Ming University

1991 – present: Attending Surgeon, Division of General Surgery, Department of Surgery
Veterans General Hospital-Taipei

1990 – 1996: Instructor of Surgery, National Yang Ming University

1986 – 1990: Teaching Assistant, National Yang Ming Medical College

2006- 2008: Deputy Secretary General (副祕書長) of Taiwan Surgical Association

2005 – 2008: Director (理事) The Chinese Association of Transplantation

2003 – 2006: Councilor (監事) of Taiwan Pancreas Society

2006 – 2009: Director (理事) of Taiwan Pancreas Society

2008 – 2010: Deputy Editor of Formosa Journal of Surgery

2008 – 2011: Director (理事) The Chinese Association of Transplantation

2009 – 2012: Director (理事) of Taiwan Pancreas Society

2010 – 2012: Director (理事) of Taiwan Surgical Society of Gastroenterology

2012 – 2014: Director (理事) of Taiwan Surgical Society of Gastroenterology

2012 – 2015: Director (理事) of Taiwan Pancreas Society

2014 – 2016: Director (理事) of Taiwan Surgical Society of Gastroenterology

2014 – 2017: Director (理事) The Chinese Association of Transplantation

2015 – 2018: Director (理事) of Taiwan Pancreas Society

2016 – 2018: Executive Director (常務理事) of Taiwan Surgical Society of Gastroenterology

2017 – 2020: Executive Director (常務理事) of The Chinese Association of Transplantation

2018 – 2020: Executive Director (常務理事) of Taiwan Surgical Society of Gastroenterology

2018 – 2020: Director (理事) of 台灣機器人手術醫學會 (Taiwan Robotic Surgery Association (TRSA))

2018 – 2021: Executive Director (常務理事) of Taiwan Pancreas Society

2018 – 2021: Councilor (監事) of Taiwan Neuroendocrine Tumor Society

Medical Training

1982 – 1984: Intern, Veterans General Hospital-Taipei and Taichung

1984 – 1986: Army Officer of Medicine in the Army 3388 Dispensary

1986 – 1990: Resident, Department of Surgery, Taipei Veterans General Hospital

1990 – 1991: Chief Resident, Division of General Surgery, Department of Surgery, Taipei Veterans General Hospital

1992 – 1994: Surgical oncology fellow in Surgical Oncology Training Program of Academia - Taipei Veterans General Hospital, R.O.C., 1992 - 1994, including
Visiting Professors: John E. Olson, Harold J. Wanebo, Blake Cady, Stanley R. Friesen, Rosemary B. Duda, Michael T. Lotze, Masatoshi Makuuchi, Frederick L. Greene, Benjamin Kim, Herbert C. Hoover, Jr., M. Bernadette Ryns, Alfred S. Ketcham, Monica Morrow, V. Craig Jordan, Robert M. Beazley

1995 Nov. - 1996 Nov.: Surgical Fellow (GI Lab. and Clinical) University of Kansas Medical Center, U.S.A.

1999 Feb. - Aug.: Transplant Fellow in University of Wisconsin Hospital and Clinics (Prof. Sollinger), Madison, U.S.A.

2007 May - June: Transplant Fellow in University of Minnesota Medical Center, Fairview (Prof. Sutherland), Minneapolis, U.S.A.

2015 May 20 ~ 21: Laparoscopic surgery observer in Samsung Medical Center, Korea (Prof. Jin Seok Heo) and Asan Medical Center, Korea (Prof. Song Cheol Kim)

2015 Nov. 16 ~ 19: Robotic surgery observer in Ruijin Hospital Affiliated with Shanghai Jiao Tong University, Shanghai, China. (Prof. Peng CH)

2016 Dec. 10~17: Robotic surgery observer in Piza University Hospital, Italy (Prof. Ugo Boggi)

2017 Aug. 1 ~ 4: Laparoscopic surgery observer in Zhejiang Provincial People's Hospital, China (Prof. Yiping Mou)

2017 Oct. 26 ~ 28 Robotic pancreatic surgery observer in The General Hospital of People's Liberation Army (301 hospital), China (Prof. Rong Liu)

2018 Oct. 2 ~ 5 "A-first in pancreaticoduodenectomy" observer in Wakayama Medical University Hospital, Japan (Prof. Hiroki Yamaue)

Kyung-Suk Suh

Department of Surgery, Seoul National University Hospital, Seoul, Korea

Requested Video 4: Secure and reliable techniques for laparoscopic hepatectomy

June 13 (Thu.) 17:30-18:30 Room 4 (Tower Bldg. 6F, Kagawa International Conference Hall)

RV4-6 Pure Laparoscopic donor hepatectomy

Symposium 1: Recent treatment strategies for HCC -non-surgical treatment, resection and transplantation-

June 14 (Fri.) 13:25-14:55 Room 2 (Hall Bldg. 4F, Small Hall 1)

Moderator

Prof. Kyung-Suk Suh is Professor of Department of Surgery, Seoul National University College of Medicine.

Prof. Suh graduated from Seoul National University College of Medicine with his medical degree in 1984 and completed his internship and residency in Department of Surgery at Seoul National University Hospital, receiving his diploma in General Surgery in 1989.

Since 1993, Prof. Suh held a number of professional positions at the Seoul National University Hospital in Seoul, including instructor, assistant Prof., associate Prof., Prof., chairman of Department of Surgery Seoul national university College of Medicine, Chief of Seoul National University Hospital Transplant Center and Director of Seoul National Cancer Hospital.

Since 2011, Prof. Suh have been taking a number of roles, including Director of the International affairs in Korean Society of Organ Transplantation (2011-), Chairman in Korean Association of HBP Surgery(2015-2017), President of the International Living Donor Liver Transplantation Study Group(2015-2017) and Chairman of Korean Surgical Society(2016-2018).

Prof. Suh's major fields of interest are Liver Transplantation, Oncological Surgery for Hepato-biliary Carcinoma.

Hee-Jung Wang

Department of Surgery, Ajou University School of Medicine, Suwon, Korea

Symposium 2: Simulation and navigation of liver surgery

June 14 (Fri.) 15:00-16:30 Room 2 (Hall Bldg. 4F, Small Hall 1)

SY2-1 Simulation and Navigation of Liver Surgery: Ajou University Experience

Hee Jung Wang is Professor of Department of Surgery at the Ajou University, Suwon Korea, where he has been a faculty member since 1994.

Professor Wang obtained his medical degree from the Yonsei University College of Medicine in 1981. He then undertook studies at Inje University Seoul Paik Hospital, achieving certification of surgeon specialist in 1986, followed by a Master's degree at Inje University in 1992 and a PhD at the same in 1999.

On the other hands, he experienced a training of liver transplantation at Pittsburgh Liver Transplantation Center in 1993. He moved to Ajou University Hospital in 1994, and started 'liver surgery and liver transplantation program' in 1995. He has annually performed 200 hepatectomy and 40 liver transplantation at the same hospital. He has been chair of Korean Cancer Biomarker Consortium since 2010, and his interesting field is gene expression profiling in HCC: the development of novel prognostic gene signature after curative treatment for HCC and stratification markers of molecular targeted therapeutic agents for HCC. He has more than 196 scientific papers, including 80 SCI papers, 2 books and 17 book chapters.

Professional Appointments

1. Professor, Department of Surgery, Ajou University School of Medicine (2003 – at present)
2. Director, Ajou Cancer Center (2016 – 2018)
Organ Transplantation Center, Ajou Univ. Hospital (2014 – at present)
3. President, The Korean Liver Cancer Association (2010. 7. – 2011. 6.)
4. President, The Association of Korean Hepato-Biliary-Pancreatic Surgery (2013. 5. – 2015. 4.)
5. Chair, The Korean Cancer Biomarker Consortium (2010. 3. – at present)
6. President-elect, The Korean Surgical Society (2019. 11. – at present)

Shin-E Wang

General Surgery, Taipei Veterans General Hospital, National Yang Ming University, Taipei, Taiwan

International Symposium of Endoscopic Surgery

June 14 (Fri.) 8:00-9:15 Room 2 (Hall Bldg. 4F, Small Hall 1)

ISY-5 Comparison between Robotic and Open Pancreaticoduodenectomy

Meet the Expert

June 15 (Sat.) 12:50-13:50 Room 4 (Tower Bldg. 6F, Kagawa International Conference Hall)

ME-2 Tips and tricks for robotic Whipple operation

Brief Description

Dr. Shin-E Wang was graduated from National Yang Ming University in 2002, and completed his surgical residency at Taipei Veterans General Hospital from 2002 to 2007. She is currently working as an assistant professor and attending surgeon in the division of General Surgery, Taipei Veterans General Hospital. His major interests include robotic surgery, pancreas surgery and transplant. His team is very actively involved in minimal invasive surgery, especially robotic Whipple operation and pancreas transplant.

Academic, Hospital and Association Appointments

- 2009/6-present: Attending Surgeon, Division of General Surgery, Taipei Veterans General Hospital
- 2013/8-present: Assistant Professor of Surgery, National Yang Ming University.
- 2009-2013: Instructor of Surgery, National Yang Ming University.
- 2008-2009: Fellow, Division of General Surgery, Department of Surgery, Taipei Veterans General Hospital
- 2007-2008: Attending Surgeon, Division of General Surgery, Department of Surgery, Taipei City Hospital-Yang-Ming Branch
- 2002-2007: Chief Resident and Resident, Division of General Surgery, Department of Surgery, Taipei Veterans General Hospital
- 2015-2018: Councilor of Taiwan Pancreas Society
- 2015 – 2018: Director (理事) of Taiwan Pancreas Society

Medical Training

- 2002-2007: Chief Resident and Resident, Division of General Surgery, Department of Surgery, Veterans General Hospital-Taipei
- 2008-2009: Fellowship training, Division of General Surgery, Department of Surgery, Veterans General Hospital-Taipei
- 2013 July. –Dec.: Robotic Surgery Fellow in University of Illinois Medical Center (**Prof. Giulianotti**) Chicago, U.S.A.
- 2014 Jan. – June: Transplant Fellow in University of Wisconsin Hospital and Clinics (**Prof. Dixon B. Kaufman, Jon S. Odorico and Prof. Hans W. Sollinger**), Madison, Wisconsin U.S.A.
- 2015 May 20 ~ 21: Laparoscopic surgery observer in Samsung Medical Center, Korea (**Prof. Jin Seok Heo**) and Asan Medical Center, Korea (**Prof. Song Cheol Kim**)
- 2015 Nov. 16 ~ 19: Robotic surgery observer in Ruijin Hospital Affiliated with Shanghai Jiao Tong University, Shanghai, China. (**Prof. Peng CH**)
- 2016 Dec. 10~17: Robotic surgery observer in Piza University Hospital, Italy (**Prof. Ugo Boggi**)
- 2017 Aug. 1 ~ 4: Laparoscopic surgery observer in Zhejuang Provincial People's Hospital, China (**Prof. Yiping Mou**)
- 2017 Oct. 26 ~ 28 Robotic pancreatic surgery observer in The General Hospital of People's Liberation Army(301 hospital), China (**Prof. Rong Liu**)
- 2018 Oct. 2 ~ 5 "A-first in pancreaticoduodenectomy" observer in Wakayama Medical University Hospital, Japan (**Prof. Hiroki Yamaue**)

Wenming Wu

Department of General Surgery, Peking Union Medical College Hospital, Beijing, China

Workshop 7: Up-to-date strategy for PNET surgery

June 15 (Sat.) 9:50-11:20 Room 4 (Tower Bldg. 6F, Kagawa International Conference Hall)

WS7-3 Genetic subtypes for pancreatic neuroendocrine tumors based on sequencing study

•BRIEF DISCRIPTION

Prof. Wenming Wu is the current Vice President of Peking Union Medical College Hospital (PUMCH), Beijing, China, also the current President of Tibet Autonomous Region People's Hospital. As a graduate of Norman Bethune College of Medical Sciences, Prof. Wu holds a Bachelor in clinical medicine. He received his Doctor of Medicine in Surgery from Peking Union Medical College. After years of pursuing cutting-edge techniques for pancreas surgery and promoting the globalization of state-of-the-art healthcare in General Surgery he continued his career in surgical oncology with the Department of General Surgery in Peking Union Medical College Hospital (PUMCH) as an Associate Professor, and then a Professor.

As the Executive Editor of Journal of Pancreatology, Prof. Wu delicate his top priority to build and raise the standard of medical care in China, at the same time, he serves on several editorial committees, including Annals of Surgery (Chinese Edition), surgery, gastroenterology and oncology journal, which is the official journal of International Association of Surgeons, Gastroenterologists and Oncologists.

Currently, Prof. Wu's clinical work focuses on oncological surgery of pancreatology and his basic and translational scientific research focuses on pancreatic diseases specifically on pancreatic carcinogenesis and tumor biology and inflammation.

•PROFESSIONAL SERVICE

2016-present	Deputy Secretary and Treasurer, Chinese Society of Surgery (CSS), Chinese Medical Association(CMA)
2015- present	Vice-president, Youth Committee, CSS, CMA
2016- present	Secretary and Member of Standing Committee, Pancreatic Surgery Study Group, CSS, CMA
2018-present	Vice-Chairman, Comprehensive Diagnosis and Treatment of Obesity and Type 2 DM Branch, Beijing Medical Association(BMA)
2016- present	Director, Rare Diseases Society, Chinese Research Hospital Association
2018- present	Executive Editor and Editorial Board Member, Journal of Pancreatology
2018-present	Editorial Board Member, surgery, gastroenterology and oncology journal

Yin-mo Yang

Department of Pancreatic Surgery, The first Affiliated Hospital of Peking University, Peking, China

Requested Video 1: Case video presentation of extremely advanced HBP surgery

June 13 (Thu.) 17:30-18:30 Room 1 (Hall Bldg. 3F, Main Hall)

Moderator

Yin-mo Yang, MD, PhD, FACS

Department of Surgery, Peking University First Hospital, P.R.China

Brief Description

Prof. Yin-mo Yang graduated from Health Science Center of Peking University in 1988. After that, he completed his surgical residency and specialist training at Peking University First Hospital from 1989 to 1998. He is currently working as Chairman and Professor in the Department of Surgery, Peking University First Hospital. Now he is the vice chairman of Study Group of Pancreatic Surgery in Chinese Society of Surgery, Chinese Medical Association. His primary clinical interests focus on Hepato-biliary-pancreas surgery, especially on the pancreatic surgery. He published approximately 50 papers related to pancreatic surgery in highly ranked international medical journal.

Ta-Sen Yeh

Department of Surgery, Chang Gung Memorial Hospital, Chang Gung University, Linkou, Taiwan

Workshop 1: Recent advances in treatment strategy for IPMN

June 13 (Thu.) 15:40-17:10 Room 2 (Hall Bldg. 4F, Small Hall 1)

Moderator

I completed my resident-, fellow-training in Department of Surgery, Chang Gung Memorial Hospital (CGMH) at LinKou, Taipei, Taiwan, and was promoted as an attending staff at 1994. I had my PhD training from 1996 to 2001 at Chang Gung University, during which I focused the research of carcinogenesis of hepatocellular carcinoma and started my academic career. Currently, I'm as deputy director of Department of Surgery, which is composed of 200- strong talented faculty. My expertise and academic interests are hepato-biliary surgery, minimally invasive surgery and relevant translation research, including liver regeneration, carcinogenesis of hepatobiliary cancer, and molecular imaging of animal cancer models.

Dong-Sup Yoon

Division of Hepatobiliary & Pancreatic Surgery, Gangnam Severance Hospital, Yonsei University College of Medicine, Seoul, Korea

Symposium 4: Best strategy for R and BR pancreas cancer

June 15 (Sat.) 8:00-9:30 Room 4 (Tower Bldg. 6F, Kagawa International Conference Hall)

Moderator

EDUCATION / TRAINING

- Medical School (1981.03-1987.02): Yonsei University College of Medicine
- Postgraduate School (1999.09-2003.02): PhD, Korea University
- Internship (1987.03-1988.02): Gangnam Severance Hospital
- General Surgery Residency (1988.03-1992.02): Gangnam Severance Hospital
- Hepato-biliary-pancreas Surgery Fellowship (1995.05-1997.02) : Gangnam Severance Hospital
- Postdoctoral Fellowship (1999.11-2001.09) : M. D. Anderson Cancer Center University of Texas, Houston, USA

ACADEMIC POSITIONS

- Instructor in Dept. of Surgery, Gangnam Severance Hospital. (1997-1999)
- Assistant Professor in Department of Surgery, Gangnam Severance Hospital (1999-2008)
- Professor in Department of Surgery, Gangnam Severance Hospital. (2008.03-present)
- Vice Dean, Medical College, Yonsei University Seoul, Korea. (2008.09-2010.08)
- Professor Yonsei University College of Medicine, Korea (2017.03-present)
- Chief Yonsei University College of Medicine, Korea (2017.03-present)
- General Director, Gangnam Severance Hospital. (2018.08-present)

SPECIALITY CERTIFICATION

- Korean Licence of Physician (No. 34131)
- Korean Board of Surgery (No. 2916)

PROFESSIONAL AFFILIATIONS

- Member, Korean Medical Association
- Regular Member, Korean Surgical Society
- Member, The Korean Association of Hepato-Biliary-Pancreatic Surgery
- Regular Member, Korean Society of Gastroenterology
- Regular Member, Korean Cancer Association
- Member, International Hepato Pancreato Biliary Association
- Member, The Korean Association for The Study of The Liver
- Member, Korean Society of Medical Biochemistry and Molecular Biology
- Member, Pancreas Club
- Director of the Regulation/Ethics Board Korean Association of HBP Surgery (2013-2015)
- Chair, Publication Committee The 12th Asia Pacific Congress of ELSA (2014-present)
- Secretary General Korean Surgical Society (2014.11-2016.11)
- Chairman elect, The Korean Association of HBP Surgery (2015.04-2017.04)
- Director of the Scientific Committee Korean Surgical Society (2016.11-present)
- Chairman, The Korean Association of HBP Surgery (2017.04- present)
- Chairman, Korean Surgical Society (2018.11-present)

Yoo-Seok Yoon

Seoul National University Bundang Hospital, Seongnam-si, Korea

Requested Video 3: Secure and reliable techniques for laparoscopic pancreatectomy

June 13 (Thu.) 17:30-18:30 Room 3 (Hall Bldg. 5F, Small Hall 2)

RV3-1 Secure and reliable techniques for laparoscopic pancreatectomy

Mini-Symposium 1: Treatment strategies for ampulla of Vater cancer

June 13 (Thu.) 15:40-16:40 Room 3 (Hall Bldg. 5F, Small Hall 2)

Moderator

BRIEF DESCRIPTION

Dr. Yoo-Seok Yoon graduated from the Seoul National University College of Medicine in 1997. After that, he completed his surgical residency and fellowship training at the Seoul National University Hospital from 1998 to 2004. He is currently working as a professor in the department of surgery, Seoul National University Bundang Hospital. His primary clinical interests include pancreatobiliary surgery, with a special interest in laparoscopic surgery involving pancreatoduodenectomy, distal pancreatectomy, and various kinds of biliary surgery. His team is actively performing the laparoscopic HBP surgery and is known as one of leading groups in this field. He published approximately 150 articles related to HBP surgery in highly ranked international medical journals.

RESEARCH INTERESTS

- Pancreatic cancer & cystic neoplasm
- Tumor of the biliary tract
- Minimally invasive surgery

ACTIVITY IN ACADEMIC SOCIETY

- | | |
|-------------|---------------------------------------------------------------------------------------------------------------------------------------|
| 2017- 2019 | Chair of Education Committee, Korean Society of Hepato-Biliary-Pancreatic Surgery |

Hee Chul Yu

Department of Surgery, Chonbuk National University, Medical School, Jeonju, Korea

Up-to-date Lecture: A new perspective for surgical anatomy and pathology in HBP surgery

June 15 (Sat.) 9:50-11:20 Room 2 (Hall Bldg. 4F, Small Hall 1)

UDL-1 New perspective for surgical anatomy using 3D image and augmented reality in HBP surgery

Brief Description

I graduated Chonbuk National University Medical School at 1988. I was trained as an intern and resident from 1988 to 1993, and obtained a board of Surgery at 1993 in Chonbuk National University Hospital. I have also been Chonbuk National University Hospital as a HBP and liver transplantation surgeon since 1996. Currently, I am director and professor of Division of Hepatobiliary-Pancreas and Transplantation in Dept. of Surgery at Chonbuk National University Medical School and Hospital, Jeonju, Korea. I have authored and co-authored numerous articles relating to HBP anatomy and liver transplantation that have appeared in peer-reviewed journals, including HBP surgery and liver transplantation, clinical anatomy, and etc. I am researching in HBP anatomy, development of 3D-virtual liver surgery system, and ischemic reperfusion injury of the liver.

Professional Service

- 2010 – 2019 Professor of Surgery Dept. of Surgery, Chonbuk National University Medical School and Hospital.
- 2013 – 2019 Director of Div. of Hepatobiliary-pancreas, Transplantation, and Vascular Surgery, Dept. of Surgery, Chonbuk National University Hospital.
- 2019. 4 – Chairman, Korean Society of Hepato-Biliary-Pancreatic Surgery.

Daisuke Abo

Department of Diagnostic and Interventional Radiology, Hokkaido University Hospital

Educational seminar 2: Update Interventional Radiology and Endoscopy for HBP

June 14 (Fri.) 8:00-9:15 Room 1 (Hall Bldg. 3F, Main Hall)

ES2-1 Technical tips and tricks of percutaneous drainage after hepato-biliary pancreatic surgery

Panel Discussion 1: Initial management, IVR and Surgery for HBP trauma and postoperative complications

June 14 (Fri.) 13:25-14:55 Room 4 (Tower Bldg. 6F, Kagawa International Conference Hall)

PD1-8 Is embolization only tool of treatment in IVR for post-operative hemorrhagic complication?

~Paradigm shift from embolization to preservation~

BRIEF DESCRIPTION

Dr. Daisuke Abo graduated from the Hokkaido University College of Medicine in 1999. After that, he completed his radiological residency and fellowship training at the Sapporo General Hospital and Hokkaido University Hospital from 1999 to 2005. He is currently working as an associate professor in the department of diagnostic and interventional radiology, Hokkaido University Hospital. His primary clinical interests include interventional radiology, with a special interest in interventional salvage for post-operative complications including arterial hemorrhage, fluid collections, bile leakage and pancreatic fistula. His team is actively performing the interventional salvage for post-operative complications. He published approximately 30 articles related to radiology, interventional radiology and surgery in international medical journals.

Tetsuhide Ito

Neuroendocrine Tumor Centre, Fukuoka Sanno Hospital / Department of Gastroenterology,
Graduate School of Medical Sciences, International University of Health and Welfare

Workshop 7: Up-to-date strategy for PNET surgery

June 15 (Sat.) 9:50-11:20 Room 4 (Tower Bldg. 6F, Kagawa International Conference Hall)

WS7-1 Direction toward revision of clinical practice guidelines in pancreatic neuroendocrine neoplasm

[BRIEF DESCRIPTION and PROFESSIONAL SERVE]

Dr. Ito is the chief of Neuroendocrine Tumor Centre, Fukuoka Sanno Hospital in Fukuoka and is also concurrently a professor at Internal University of Health and Welfare in Japan. His research interests focus on neuroendocrine tumors, pancreatic tumors and pancreatitis.

Dr. Ito graduated from Kyushu University in 1984, later specializing in pancreatology mainly working at Kyushu National Cancer Center and Kyushu University. In 1993, he acquired a Ph.D. (Medical Science). In 1996 he started to work at NIH for three years, where Dr. Robert T Jensen was his director at Digestive Disease Branch, NIH in the USA for work on gastrointestinal and pancreatic neuroendocrine tumors (NETs). Since then, Dr. Ito and Dr. Jensen collaborate lots of clinical and basic researches in the fields of NETs.

In 2000, Dr Ito became a chief of Pancreatic Disease Branch at Kyushu University and became associate professor. He conducted the nationwide survey of neuroendocrine tumors for the first time in Japan. He is a director of Japanese Pancreatic Society (JPS) and Japanese Neuroendocrine Tumor Society (JNETS) as well. In 2017 Dr. Ito moved to Fukuoka Sanno Hospital and established the Neuroendocrine Tumor Centre. Now, Dr. ITO is a chairman of the 2nd revision of Japanese NETs clinical guideline. The 2nd guidelines are just under revision and will be published in September in 2019.

Takao Itoi

Department of Gastroenterology and Hepatology, Tokyo Medical University Hospital

Educational seminar 2: Update Interventional Radiology and Endoscopy for HBP

June 14 (Fri.) 8:00-9:15 Room 1 (Hall Bldg. 3F, Main Hall)

ES2-2 Update of interventional EUS for hepato-biliary-pancreatic diseases

BRIEF DESCRIPTION

Dr. Takao Itoi is presently Professor and Chair of Department of Gastroenterology and Hepatology at the Tokyo Medical University at Tokyo, Japan. He graduated from Tokyo Medical University in 1991 and had worked in Tokyo Medical University Hospital as a gastroenterologist. His major is diagnostic and therapeutic endoscopy in particular in pancreatobiliary diseases by means of EUS and ERCP including balloon enteroscopy-assisted ERCP. Until now, he has outstanding endoscopic skill and has published more than 430 peer-reviewed papers in high impact factor journals on the novel and special techniques and outcome. In addition, so far he did international live demonstration and didactic lecture more than 100 times, respectively.

PROFESSIONAL SURVICE

- 2018-present Vice-president of Tokyo Medical University Hospital
- 2016-present Professor and Chair of Dept. of Gastroenterology and Hepatology, Tokyo Medical University
- 2016-present Visiting professor of Dept. of Gastroenterology and Hepatology, Keio University
- 2015-present Visiting professor of Dept. of Gastroenterology and Hepatology, Tokyo Medical and Dental University

Noriyoshi Fukushima

Department of Pathology, Jichi Medical University, School of Medicine / Department of Diagnostic Pathology, Jichi Medical University Hospital

Up-to-date Lecture: A new perspective for surgical anatomy and pathology in HBP surgery

June 15 (Sat.) 9:50-11:20 Room 2 (Hall Bldg. 4F, Small Hall 1)

UDL-2 Tumor-stromal interaction in pancreatobiliary carcinoma; from the pathological viewpoint

BRIEF DESCRIPTION

Dr. Noriyoshi Fukushima graduated from the Miyazaki Medical College in 1990. He completed his pathological residency and fellowship at Kanto Teishin Hospital from 1990 to 1995, and research residency at the National Cancer Center Research Institute East from 1995 to 1997. Then he became staff pathologist at National Cancer Center Hospital in 1997. After that he completed research fellowship at the Department of Pathology, Johns Hopkins University, School of Medicine (Baltimore, MD, USA). He became assistant professor of the Department of diagnostic pathology, Tokyo Medical University in 2004, and assistant professor of the department of pathology, The University of Tokyo, Graduate School of Medicine in 2005 and associate professor in 2006. And now he is working as a Professor of Pathology, Jichi Medical University, School of Medicine and director of the department of Diagnostic Pathology, Jichi Medical University Hospital. His main research interest is to understand the development of pancreatobiliary neoplasms based on the histopathological change with molecular abnormalities. He published 200 articles including 120 international articles related pancreatobiliary pathology. He is one of the committee members of the Japanese rule book of the pancreatic cancer, 7th edition and the author of the WHO classification ("WHO blue book") of the digestive system, 4th and 5th editions.

SPECIALTY BOARD CERTIFICATION

Japanese Board of Pathology (#1918), Japanese Board of Cytopathology (#1515)

MEMBERSHIP

The Japan Pancreas Society / The Japanese Cancer Association /

The Japanese Society of Clinical Cytology / The Japanese Society of Pathology

Pancreatobiliary Society (PBPS)(committee member) / Pancreatobiliary pathology Club Japan (vice chair)

EDITORIAL ACTIVITIES

2007- present Associate editor, Pathology International

2005 – present Associate editor, Journal of Biliary Tract & Pancreas

Reviewers: Cancer Science, HBPS, J Pathol, Modern pathol, etc.

Junji Furuse

Department of Medical Oncology, Kyorin University School of Medicine

International clinical practice guidelines for metastatic liver tumors: Interim report

June 14 (Fri.) 15:05-16:35 Room 5 (Hall Bldg. 6F, Conference Room 61)

PH-6 Session of Chemotherapy

Present Title and Affiliation:

Professor, Department of Medical Oncology, Kyorin University Faculty of Medicine

Occupation

In 1984, graduated from Chiba University School of Medicine and then attended the First Department of Internal Medicine, Chiba University.

May 1984-June 1992, the First Department of Internal Medicine, Chiba University Hospital

July 1992- February 2008, Division of Hepatobiliary Pancreatic Medical Oncology, National Cancer Center Hospital East

March 2008- Professor, Department of Medical Oncology, Kyorin University Faculty of Medicine

Activities

Japanese Clinical Oncology Group (JCOG): Chair of Hepatobiliary and Pancreatic Oncology Group

Japan Pancreas Society (JPS): Director, Chair of health insurance committee

ASCO: active member

ESMO: active member

International Association of Pancreatology (IAP): active member and council

Specialty

Gastrointestinal Medical Oncology, especially hepatobiliary and pancreatic cancer

Harumi Gomi

Office of Medical Education, Center for Infectious Diseases
International University of Health and Welfare

Educational Symposium 2: Impact of Tokyo Guidelines 2018 on clinical practice

June 15 (Sat.) 14:00-15:15 Room 3 (Hall Bldg. 5F, Small Hall 2)

ESY2-4 Antimicrobial therapy for acute cholangitis and cholecystitis

Dr. Harumi Gomi graduated from Okayama University Medical School, Okayama, Japan in 1993. She completed her residency in internal medicine at Beth Israel Medical Center, New York, New York, USA, and infectious diseases fellowship at University of Texas-Houston Medical School, Houston, Texas, USA. She obtained her master's degrees in public health at Johns Hopkins Bloomberg School of Public Health, Baltimore, Maryland, USA, in medical education at Maastricht University School of Health Professions Education, Maastricht, the Netherlands. She was appointed as Assistant Professor at Division of Infectious Diseases, Southern Illinois University School of Medicine, Springfield, Illinois, USA, then as Associate Professor of Medicine at Center for Clinical Infectious Diseases, Jichi Medical University, Tochigi, Japan. She was former Professor of Medicine, Director, Center for Global Health, Mito Kyodo General Hospital, University of Tsukuba, Mito, Ibaraki, Japan. She has approximately 60 peer-reviewed journal publications and over 90 book chapters. Her research interests include general infectious diseases, antimicrobial resistance, and medical education in the field of clinical infectious diseases.

Professional Service

- 2018-present Trustee, American College of Physicians, Japan Chapter
- 2017-present Judging Committee Member, Cabinet Office, the Government of Japan
Antimicrobial Resistance (AMR) educational activities
- 2017-present Fellow, Japanese Association for Infectious Diseases, and Japanese Society of Chemotherapy, Japan.
- 2016-present Advisory Expert Board Member, World Society of Emergency Surgery
- 2010-present Fellow, Infectious Diseases Society of America
